# Descendants of Samuel Handy

#### Generation No. 1

**1.** SAMUEL<sup>1</sup> HANDY<sup>1</sup> was born 13 Nov 1646 in Tanworth, Warwickshire, England, and died Abt. 15 May 1721 in Somerset County, Annamessex, MD. He married MARY SEWELL 31 Mar 1679 in Somerset County, MD, daughter of THOMAS SEWELL and JANE LOWE. She was born 1658 in Somerset County, MD, and died Abt. 07 Aug 1716 in Somerset County, MD.

# Notes for SAMUEL HANDY:

The Europeans who settled Maryland's lower eastern shore were almost entirely British subjects. They were entired to emigrate to Maryland by land grants from the proprietor, Lord Baltimore, who received income from "quitrents." Maryland was charter to the colony granted to Lord Baltimore in 1632.

Samuel is our original American Progenitor and has been retained in every branch of the family through fourteen generations. In the clerk's office Northampton County, Va., is the name of one Samuel Handy who was listed of the "tythables" belonging to Lieut. Col. Waters.

According to ancestors, Samuel Handy, was a native of England, who came to this country as a Redemptioner, age 15, and immediately upon his arrival he indentured himself to a man by the name of Waters. He contracted to remain with Colonel Waters until his majority, the condition being that the master should pay all expenses of the voyage across the Atlantic for nine years. Waters was one of the major landowners and most prominent residents of the Eastern Shore of Virginia, and beginning in the 1660's he received land grants in Maryland as well, on the Annamessex River in Somerset County.

It appears that Samuel moved from Virginia to Maryland in 1675 or 1676, at about the time his service was completed, and by law and custom he would have received a minimum of wordly goods - tools, clothing, provisions, and perhaps livestock to set up for himself at the time.

Samuel married Mary Sewell in 1679, who had inherited the estate of Mary mother's second husband's estate.

Samuel and Mary during their life accumulated by dint of industry and good management a large property, consisting chiefly of land (two thousand acres) and (15) Negroes, a sloop called Samuel and Mary, two thousand pounds of tobacco, and various other articles of value.

Samuel was engaged in the culture of tobacco which was regularly shipped to England in his own vessel, commanded by one of his four sons.

NOTE: Colonel Waters was a large land owner in Virginia and Maryland. Prior to his death Samuel acquired much of Waters property as noted in the book, "Annals and Memorials of the Handys and their Kindred", published by William L. Clements Library, Ann Arbor, Michigan in 1992. Samuel acquired estates of land and property and was one of the earlier settlers on the lower eastern shore of Maryland. In Samuel's will, he listed fourteen children. One of his sons, Isaac, aided in the founding of the city of Salisbury, MD in 1732. Handy's Landing, Pemberton House and Poplar Hill Mansion today are landmarks in Salisbury.

# Notes for MARY SEWELL:

Jane Lowe appears to be Mary Sewell's mother.

Mary's father was Thomas Sewell.

"Royal Plantagenet Line to the Kings of England" was published by Jane Lowe.

Jane Lowe's third husband was Lord Baltimore.

New England Genealogical Society, Boston, MA 1999.

Mary inherited the estate of her step father, Stephen Bond.

Notes for ISAAC HANDY, COL.:

Isaac was 15 years of age at the time of his father's death. In addition to his considerable inheritance, he later acquired a large estate, lying chiefly on the Wicomico river. He built a stately home which he called "Pemberton Hall" near the present-day town of Salisbury, Wicomico County MD. It still stands today and is listed on the National Register of Historic Places. The grounds around Pemberton Hall-- Some 200 acres-- are now a historical park.

Among his many credits, Isaac was one of the founders of the town of Salisbury. It was laid out by a charter granted in 1732 and is situated at the head of the Wicomico River.

He married BETTY BOLITHOR 09 May 1736 in Somerset County, Coventry Parish, Maryland, daughter of WILLIAM BOLITHOR and HOLLAND. She was born 1717 in Somerset County, Coventry Parrish, MD, and died in D.

Notes for SAMUEL HANDY:

This Samuel Handy, third of the name in a direct line including the Progenitor, is identified chiefly by the names of his children, nine in number, which are precisely the same with those of his father and in very nearly the same order of birth, Stephen, only being substituted for Sarah, and William Bolithor making just one more than in the family of the father. We find all these named in the Coventry Parish Records with dates of birth and know that they cannot be the children of Samuel the second from the date of his birth (1734) and from different references in the will. There are no means of ascertaining when this Samuel was born, but we find his marriage in the old Church Book, which says, "Samuel Handy and Betty Bolithor were married May 9, 1736." From the will of William Bolithor, dated December 9, 1721, it appears that Betty was a daughter of this William and that his wife was a daughter of Michael Holland.

It also appears that Mrs. Bolithor had two sisters, whose names were Mary and Jane, and that an uncle of her father, whose name was John, lived on the Elizabeth River in Virginia. This uncle, we are informed by Bishop Meade, was a vestryman in Lynnhaven Parish.

William Bolithor Handy, the oldest child in this family, is the first of the Handy name that we find with a middle name, and the entry which is made of his birth is the first also which corrupts the Handy orthography spelling the last syllable with an a--- Handay.

Samuel Handy the 3rd died interstate, and there are no traces of him from other sources, except what appears in his father's will. He is then mentioned in the second item in connection with his brother John Handy, to whom jointly are bequeathed certain lands and marshes called Jericho, with the mine and all other lands and marshes adjoining thereto and held by several patents to be equally divided between the said Samuel Handy and John Handy, and their heirs and assign forever. He is also made heir to fifty acres of land to be laid out at the head of land where brother Thomas Handy formerly lived. "he not sell the fifty acres, except to his brother Thomas Handy." In addition to these gifts of real estate, his father gave him a Negro boy named Harry, and a signet of gold marked [S.H.] The will closes by constituting Thomas Handy and Samuel executors of the estate. From all this it appears that he was left in possession of a comfortable property, lying and being chiefly in the District Called Annamessex.

Four of the sons of this Samuel Handy; Samuel, John, Isaac, and Stephen, seem to have been mechanics, and it is not unlikely that the father, though chiefly engaged in agriculture, was also educated to the mechanic pursuits.

The file entries of marriage and births prove the connection of the family with the Episcopal Church.

Notes for ISAAC HANDY:

When his father died, Isaac Handy, son of Samuel, son of Samuel, was not twenty years old. This fact is learned by his father's will, when it is said, "I leave my son, Isaac Handy, to the care of my brother, Isaac Handy, and his estate, till he shall come to the age of twenty years." His father's dwelling plantation was called Armstrong's Purchase. This tract was situated somewhere in the Annamessex region, in Somerset County, Maryland, and it was there in all probability that Isaac Handy was born

This Isaac was called after his uncle Isaac Handy of Pemberton, who evidently felt a great interest in him, not only as his namesake but as his ward and nephew intrusted in his care. In his uncle's will he is called both cousin and nephew--the first appellation being designed simply to express relationship, while the latter designates the degree of consanguinity.

"The remains of six people uncovered at a construction site on the Eastern Shore have been reburied. Workers found the

remains of the 18th century family in March of 2005 in north Salisbury. No bones were found - only buttons, dust and the outline of old coffins remained. The find also uncovered a tombstone dating to the 18th century. Historians have said the remains belong to Robert Handy, his wife and children. Handy was a prominent local businessman who died in 1765".

Captain George Handy, the eldest child of Col. Isaac and Ann (Dashiell) Handy was born at Pemberton, the residence of his father in Somerset Co. Md., October 30th 1727. His grandfather, Samuel Handy, had settled three miles from the present site of there. At the head of navigation he set up an important shipping business to serve the planters of the vicinity, and for six decades the site of what is now the Main Street Bridge was known as Handy's Landing. In 1727 (the year of Capt. George Handy's birth), the Provincial Government took over private property for public use and established the town of Salisbury. "Pemberton's Good will", a portion of which was also taken for the erection of Salisbury, was the property of Col. Isaac Handy, father of Capt. George. col. Isaac continued in the shipping business, exporting tobacco and agricultural products to England and importing necessities and later luxuries to the colonies.

Capt. George went to sea with his father in his seventh year, and navigation continued to be his occupation until middle life, having made many voyages across the Atlantic, and trading at various ports of Europe and Africa.

Then he retired from the sea he commenced life as a merchant at Salisbury, placing control of his business in the hands of his son Isaac. He retired to his plantation on the Wicomoco River, three miles from the village. This place, which he called "Handy Hall", was devoted to cultivating the soil, employing a large family of negroes many of whom he had brought with him from Africa. Here, too, he had a shipyard where he built a number of vessels, employing them in foreign commerce. Four of them were taken by the British in the Revolutionary War: one of them, the "Leah Ann", (named for two of his daughters) was burned before his own dorr on the river. His house was a replica of the house of his father, "Pemberton".

The Chesapeake Bay Country, written by Swepson Earle, in its 1934 edition says of this house: "six miles from Salisbury on the

North bank of the Wicomoco is a large red brick house with a shingled gambrel roof and quaint dormer windows. This is "Pemberton Hall", one of the homes of the distinguished Handy family of Wicomoco Country. This house was built in 1741 and its date of building can be seen outlined in black bricks in the end of the house "Pemberton Hall". It is probably the third oldest building standing in the county. The interior of the homestead is typical of the homes of that period. Upon entering the front door a wide hall extends through the house from North to South and in its earlier days might have been called the living room. The west end of the lower floor is one large room where dances and celebrations of colonial times were held.

He married MARY GORE Abt. 1771, daughter of DANIEL GORE and SUSANNAH TEACKLE. She was born 1751 in Somerset County, Coventry Parish, MD.

Notes for SAMUEL HANDY, COL.:

He left a will, dated May 19, 1827, which was probated June 10, 1828, bequesthing a large estate to his son, John Curtis Handy and to his daughter, Harriett G. Steverson.

Samuel Handy was one of the Associators whose signature are found on the original document of the Association of the Freemen of Maryland, dated July 26, 1775, which reads in part: necessary and justifiable to repel force by force, so approve of the opposition by arms to the British troops employed to enforce obedience to the late acts and statutes of the British parliament, for raising a revenue in America, and altering the changing of the charter and constitution of the Massachusetts Bay and destroying the essential securities for the lives, liberties and properties of the subjects of the united Colonies.

In Congress, January 20, 1776, it was resolved "to collect all the gold and silver coin for special operations in Canada," and

among those deputed to make these collections were Messrs. Peter Chaille, Samuel Handy and John Dore for Worcester County. Samuel Handy and Ebenezer Handy were two of the five "Commissioners of the Tax" appointed for Worcester County, Maryland, in February, 1777. The following are from an amount of the action between American and the British barges in Chesapeake Bay in 1782:

Somerset County, 5 Dec 1782: At 9 am anchored off Fox's Island sent the Langodoc on shore with Samuel Handy 2nd Lt of the Comodore's Barge Commander, to know if the Enemy had stopped there on their way up the sound.

Lt Handy who commanded a small American Barge (and was privey to the Action) returned from the enemy. He went over with a flag.

On Tuesday last.....None of the dead was carried to the shore, but the comodore and Lt Handy. Numbers of the wounded are carried to Onancock, Amongst whom are Col. Cropper and Captain Levin Handy .....Lt Handy in a small barge with eight men and Capt Bryant in the Flying Fish got safe into Annemiessix, where they both continue.

Another account of the action mentions: "Captain Samuel Handy: December 13, 1782, Captain Levin Handy, writing from Snow Hill to Governor Paca, said: Lt Samuel Handy who had the command of the small Barge I believe did as well as he could: He never left us (altho' he could do us little good) until all the other Barges were on the flight ....Lt. Samuel Handy waits on your Excellency with this.......

In Worcester County, Maryland, the list of subscribers to Washington College in Chestertown, Maryland, in 1782, included Samuel Handy and William Handy, who subscribed f18 and f12 respectively.

Levin Handy and Samuel Handy were two of the signers of a 1794 document proposing the selection of the Worcester County, Maryland, militia:

......that each hounded should hold an election and delegate from each Company two Representatives to meet in one general Committee at Snow Hill.

Early in May, 1794, the Snow Hill hundred chose Levin Handy and Samuel Handy "as members in the paid Committee of Recommendation."

Notes for WILLIAM HANDY:

(At this time I believe that Robert A. Handy (1750) and Rosy Doyle Moss died about 1795, by Indian Massacre {Last major Indian uprising in central Kentucky was fought in August 1794}, and that William Handy (1745) And Thomas Handy (1749) finished raising their children.)

Pittman's Station, one of the earliest in Green River county, was situated upon the top of the cliff, outside of the curve of the creek and about three-fourths of a mile from the fortifications.

The Station at Greensburg was located upon the very spot, it is said, which is now occupied by the courthouse. What is now known as the City of Greensburg, a fifth class city with a population of 2100, began as Glover's Station, a wilderness settlement in the Kentucky Territory. Glover's Station was established in 1779, 13 years before Kentucky achieved statehood.

The town of Greensburg was incorporated in 1794.

A third station was on the Little Barren River, southwest of Greensburg, about 10 miles.

A fourth, called Shank Painter or Skagg's was situated six miles northwest of Greensburg, where the Village of Summerville stands.

About 8 miles east of Greensburg, on the the road to Columbia, Gray's Station was erected about 1790. Two miles further east, near the present Mount Gilead Meeting House, is a spot as famous as the camp, in 1770, of the "Long Hunters," under the leadership of Col. James Knox. Later to be called Camp Knox, where the Union soldier's were trained during the Civil War (1860's) 6 miles south of Cave City the Confederate Army had its training camp.

Some information was obtained from an article by David Handy, 5028 W. Elaine Dr., West Valley City, UT. 84120, which he had published in the Adair County Review,..Columbia, Ky., Volume 10, Spring 1996, Issue 1, Adair County Genealogical Society, P.O. Box 613, Columbia, Ky. 42728.

William Barnett and John Marr were commissioners. I was one of the chain carriers and Joe Moran was the other chain carrier. Miller took possion of his land immediately after the division was made. I was appointed by Mr. Miller as agent to see to it and keep all off of it, which I did. Miller sold out to the present occupants.

The 1000 acres was sealed under the Estes claim before the division was made and a sugar camp was settled and cultivated. After the division, the sugar camp was taken under the name of Miller.

Deposition of William Lisle, Sr. 30 June 1842

I'm acquainted with the 1000 acres patented to Abraham Estes on Little Russel Creek. I've known it for 44 years. I bought 1/2 of the 1000 acres from William Handy who assigned me a bond which he held on Robert Childers. Childers had bought of Estes, the patentee. I bought in 1804 and in 1805, I took possession under the title of Estes. It was occupied and settled under the claim of Estes for about 38 years. There was an improvement made on the part I had bought by a Moore, who had supposed it was vacant land. I informed him of it being Military land owned by Abraham Estes and that I had purchased 1/2 of it. Moore then left and I took possion of it. Jacob Davis now lives on the same place. The time that Mr. Moore left the improvement was about 1815 or 1816. Jacob G. Davis bought of me the improvement about 1819 and has it ever since, holding under the claim of Abraham Estes.

Deposition of Bartholemew Curry 30 June 1842

I'm acquainted with the Estes 1000 Acres and have known it since January 1805. I moved William Lisle in 1805, who then took possession of it under the title he had got of Handy, which is the part that fell to Childers who had bought of Estes 1/2 of this 1000 Acres. I took the bond to Robert Childers in the state of Virginia. William Curry has got the bond from Paulsel who has got it from William Lisle who got it from William Handy who got it from Robert Childres who gave it to Handy for 1/2 of the said 1000 acres. I carried the bond to Virginia and got the deed from Childers to myself and I conveyed it to William Curry. The improvement was made by Moore about 1806-1807... He left it and William Lisle got it after he left and Jacob C. Davis got it of Lisle about 1816-1817 and has had it since.

Beth Curry stated that he thinks Morgan took possession after Lile. Childers married a daughter of Abraham Estes, and Joel Estes is a son of Abraham Estes. After Lile left, no one lived on the land until Laswell made his settlement, except the use of a sugar camp.

John Atkinson stated that Joel Estes was a son of Abraham Estes and lived about 10 miles from Shelbyville in Shelby County, Kentucky. He has lived there upwards of 20 years and was still there when Henry Estes, brother of Joel Estes, lived in Green County. He cannot state how many years he has been dead. Joel came to see Mr. Brents 10 or 15 years ago to advise in a suit pending in court. Estes had with him a piece of printing which was cut out of a newspaper and asked Brent to advise him on what to do about it.

John Hardin stated that Mark Hardin lives near Shelbyville in Shelby County and has been there 29 years.

John Briggs states that he has known the 1000 acres since 1794. It went by the name of Handy Survey. The first settler was a man named Laswell. He settled about 1818. He lived there a year or two and left. The place was vacant for some time, then John Curry settled there. Then Moore made a settlement and left. Laqaswell settled on the land the fall after marriage.

Curry found guilty of trespass and fined 1 cent.

Green County Kentucky Circuit Case #9182 August 27, 188 William Gooch, et al vs. James S. Lobb

William Gooch who sues for himself and for the unknown heirs of William Martin, dec'd., states that he and the heirs of William Martin, dec'd, all of whom are unknown to him are the owners of and are entitled to the possession of a 50 acre tract in Green County on the southside of Green River and the east side of Little Barren.. bounded by.. Mary Clemons line.. William Bryant.. Clemons.. patented to William Moore by the Commonwealth of Kentucky by patent dated August 12, 1820. William Moore conveyed the land to Clement A. Davenport recorded in Green County. Davenport sold it to William Martin. William Martin has since died in the state of Indiana. At the time of his death, he had legal title to the land and it descended to his heirs, subject to the right of his wife, Elizabeth Martin's dower, who is still alive. Her agent is Jesse Handy. He conveyed all of her interest to the land to William Gooch, recorded in Green County. Gooch is now the owner of the dower interest and the heirs of William Martin own the rest. James Lobb now has possession of the land without right and has for the last two years. Gooch wants judgment for \$100 in damages from Lobb.

James S. Lobb states he knows nothing of the title or claim of plaintiff to the 50 acres. He has no knowledge of the information except plaintiff has no legal title to the 50 acres. He denies that he has any land belonging to plaintiff. Plaintiff has no right to prosecute the action on behalf of the unknown heirs of Wiliam Martin. He denies that the title deed exhibited by plaintiff and through which he claims title to the 50 acres gives any right or title. Lobb has a title for the 50 acres he occupies. He asks for petition to be dismissed.

Deposition of Jesse Handy (February 18, 1860)

At house of Jesse Handy in Green County, Kentucky

I certainly was acquainted with William Martin in his lifetime. He was my brother-in-law and lived in my house. He claimed and owned 50 acres in Green county on the soutside of Green River and the east side of Little Barren. He is dead. I believe he died with the claim in his hands. Elizabeth Martin is his widow. She gave me power-of-attorney dated September 6, 1854 authorizing me to sell the 50 acres. I sold it to William Gooch on March 8, 1855. There was nobody living on the land at that time. The patent to William Moore on August 12, 1820 and the deed from Moore to Clement A. Davenport and the deed from Davenport to William Martin is the same land to the best of my knowledge. William Martin left no children. He left no brothers and sisters that I know of. I learned from William Martin and his wife that he had no brothers and sisters, that his mother and father formerly resided in the Cumberland Valley and had removed from there to Arkansas or some of the western states. I know of no heirs. On the 12th day of next May, I will be 90 years old. I have a complaint that if I was to start to Greensburg I could not hold out to get there. I never expect to be relieved of it. It is a rupture.

J. S. Lobb objects to the deposition of Jesse Handy at his house on February 18, 1860 because the notice is uncertain, vague and indifferent, because the questions are illegal, and improper.

Deposition of Jesse Handy (June 23, 1860, residence of Thomas Phillips)

I was tolerably well acquainted with William Martin. He married my sister. He has been dead twenty odd years. He left a widow, Elizabeth, who resides in Crawford County, Indiana. William Martin never had any children. He had some relations who moved out of this state a long time since. I do not know who the heirs of William Martin are or where they are at this time. He has no relatives in this state that I have any knowledge of at this time. He owned 50 acres in Green county on the southside of Green River and the east side of Little Barren River, the same which was patented to William Moore, who conveyed it to Clement A. Davenport and by Davenport to William Martin. Elizabeth Martin conveyed it to William Gooch by me. She made me her power-of-attorney. There was no person living on the land at the time I sold it for her. I am in my 91st year and my health is feeble and I am diseased by rupture so that I could not at any time get to Greensburg without serious injury to myseslf. I could not get there at all unless I was hauled and I do not believe I could stand that.

James Lobb objects to the deposition of Jesse Handy at the home of Thomas Phillips on June 23, 1860 because the notice is insufficient and taking depositions at the residence of Thomas Phillips and at the same time; because notice did not apprise the party where or in what county the depositions would be taken; because evidence given by Jesse Handy was obtained by leading interrogations by plaintiff; because witness is made to refer to papers and identify the exhibits when he is unable to read or write

### Notes for ROBERT ALBERT HANDY:

Kentucky was formed into a County, as it was called, in 1776. The same year, Rev. William Boaz Moss, Robert Handy and George Burke came to Kentucky County, now known as Adair County. Rev. Moss is the great-grandfather of John Marshall Moss, Keltner, Adair county, Kentucky. William Boaz Moss came from near Mr. Vernon, Virginia, in 1776 and staked out land, which is located near the Metcalfe, Green, and Adair county line.

About 1776 Robert Handy, (1750); William Boaz Moss, (1750); and George Burks (abt 1750); explored the south central area of Kentucky. William Boaz Moss was a Methodist Minister, and the first minister of Pleasant Ridge Meeting House. It was on the property that Moss built the meeting House. The Moss, Handy, and Burkes Family came from the Vicinity of Mount Vernon, Virginia. (Moss's father Henry Moss had a 500 acre Plantation in Henry County, North Carolina). Henry Moss and some family members died near the Cumberland Gap after selling his Plantation and slaves as they were moving.

It is not known exactly what time Rev. William B. Moss returned to Virginia, but he, Robert Handy and George Burkes built the first Old Pleasant Ridge Methodist "Meeting House" in 1782. It stood about 30 feet from the Greensburg and Sulphur Well Road, to the east. It was very small, made of logs and chinked with thin layers of rock and clay. There were still some of the old chinking rocks near the site in 1953.

Reverend Moss staked out land located near the present Adair County line. Robert Handy (1750) took up land to the north of Moss. George Burkes staked out land at the mouth of Adams Creek (West) which is in Barren County. All this land was on the "Old Military Line." Courthouse records show hundreds of acres were owned by these men. In later years the transfer of their land before and after death points to the fact, there were many acres at the beginning. It is not known if they received it by their service in the Revolutionary War or by securing land by the claims of "Improvers' Cabins". Many pushed across the mountains and erected their shacks or small cabins as evidence of settlement and proof of their claim. They located on springs of clear water which was near the creek. There were also mineral springs in the vicinity.

The Pleasant Ridge meeting house was used until 1844, when the membership split over the slavery question. The slave holders moved out and built a new meeting house. Methodist preachers who preached in the Pleasant Ridge House were William Boaz Moss, Manoah Lasley, William Burke, Francis Asbury, Thomas Lasley, Brother McKandree, Peter Cartwright and George W. Taylor.

Kentucky was at that time a territory belonging to Virginia. That same year, 1776, Kentucky became a separate county of Virginia, named Kentucky County. It was a practice at the time for early explorers to claim property several years before they

actually occupied it (according to Allen's History). They staked out land on Adams Creek near springs of clear water, but it was apparently just a brief stay. The land they claimed was on the "old Military Line". It is not known if they received their land by right of Military service or by the claims of "Improver's Cabins".

They returned to stay permanently in 1782, when they built log cabins and the "Pleasant Ridge Meeting House". William Moss was the minister of this group of Methodists and the Meeting House was built on his land. The members of the group were Robert Handy and his wife Rosy Doyle Moss, the Reverend William Boaz Moss and his wife Diana Price, Francis Clark Moss and Nancy Reed, William H. Price and Mary F. Graves, Robert Price and his family, the Hicks family, the Parnell family, and John Tucker who was also a Methodist Preacher. The Parnell family later occupied Robert Handy's cabin and established the Parnell Cemetery on this land. It is possible that members of the Handy family were buried in the same plot, though such is not listed in the records.

The Pleasant Ridge Meeting House was small, made of logs, and chinked with thin layers of rock and clay. It was built around a tree stump which had been cut off high enough to serve as a pulpit. The seats were made of hewn logs with four legs but no backs. At first they placed limbs across the door to keep animals out. This was soon replaced with a "batten" door made of split wood that was tongue and grooved. This Meeting House stood on a high ridge near Adams Creek. From this ridge one could see for many miles over the beautiful countryside. The land sloped down into deep gorges which were well wooded. There was a spring down under the hill which provided water.

Robert Handy, was one of those who built one of the cabins in 1782, on his own property on Adams Creek. This year was carved into one of the logs in the cabin. It was built of hewed buckeye logs. His property was near the Moss family property. George Burkes staked out land at the mouth of Adams Creek.

This "Old Meeting House" stood on a high ridge and rightly gets its name "Pleasant Ridge." From this high point, one can see for many miles over the beautiful countryside. It was also near Adams Creek. A mineral spring near the "Plesant Ridge Meeting House" was used for medicinal purposes. Robert A. Handy built a log cabin on his land. It was build of hued logs. Later the John William Parnell's widow, Victoria Parnell Moss, lived there and cooked many meals in it. John M. Moss remembered seeing the date 1782 cut into a log of this cabin before it was torn down.

Parnell Cemetery (Mell Community) - The Parnell Cemetery is very old and located on the Robert Handy land. The lot is level to gently rolling and well fenced. There are some trees in and around the cemetery; one had grown up in a grave, which helps to prove the age. Many graves had fieldstones and some stones could not be read because of their age.

We were amazed to view such a beautiful cemetery far away from the highway and almost in sight of the Moss cemetery, just across the ravine on the next ridge or two. We counted 172 graves there, which seems to have a very significant meaning as to the number of people who lived in the Pleasant Ridge Community in the early days. A few old stones were plain enough to read. They include J.W. Rock, born March 27, 1855, died February 22, 1897, S.W. Rock, Born 1854, Died September 4, 1889; Andy Parnell, Died February 4, 1925; -----Parnell, Born 1871, Died August 12, 1951. The Earliest readable stone was 1844; I therefore believe that Robert Albert Handy who Married Rosy Moss, sister of William Boaz Moss, is buried in the Moss-Keltner Cemetery. The Moss-Keltner Cemetery was open and cows were tearing down the stones. Without help from Charles "Bill" Handy of Greensburg, I would never have found these two Cemeteries.

Military Warrent #2376 3 Feb 1784

Survey for Leven Walker, 2666 2/3 Acres for services of 3 years, Lt. in the Virgina State Line.

Elisha Estes of Madison County, Kentucky to John Tatham of same county...\$200..one equal moiety of 1000 Acres on Green River taken up by part military warrant #2376 issued 3 Feb. 1784, patent issued in the name of Abraham Estes, assignee of Leven Walker on 22 Sept 1789..bond by Henry Quarles survey of 1000 Acres #122

Pittman's Station, one of the earliest in Green River country, was situated upon the top of the cliff, outside of the curve of the creek and about three-fourths of a mile from the fortifications. The Station at Greensburg was located upon the very spot, it is said, which is now occupied by the courthouse.

What is now known as the City of Greensburg, a fifth class city with a population of 2100, Began as Glover's Station, a wilderness settlement in the Kentucky Territory. Glover's Station was established in 1779, 13 years before Kentucky achieved statehood. The town of Greensburg was incorporated in 1794. A third station was on the Little Barren River, southwest of Greensburg, about 10 miles. A fourth, called Shank Painter or Skagg's was situated six miles northwest of Greensburg, where the Village of Summerville stands.

At this time I believe that Robert A. Handy (1750) and Rosy Doyle Moss died about 1794, by Indian Massacre {Last major Indian uprising in central Kentucky was fought in August 1794}, and that William Handy (1745) And Thomas Handy (1749) finished raising their children.

I, Elizabeth Martin, widow of William Martin of Crawford County, Indiana, deceased, sometime since gave Jesse Handy of Green County a power-of-attorney to sell and dispose of any land belonging to the estate of William Martin in which I, as widow, had an interest in. I now revoke and annul the power-of-attorney. Signed: Elizabeth Martin (X).

Deposition of Jesse Handy (February 18, 1860)

At house of Jesse Handy in Green County, Kentucky

I certainly was acquainted with William Martin in his lifetime. He was my brother-in-law and lived in my house. He claimed and owned 50 acres in Green county on the south side of Green River and the east side of Little Barren. He is dead. I believe he died with the claim in his hands. Elizabeth Martin is his widow. She gave me power-of-attorney dated September 6, 1854 authorizing me to sell the 50 acres. I sold it to William Gooch on March 8, 1855. There was nobody living on the land at that time. The patent to William Moore on August 12, 1820 and the deed from Moore to Clement A. Davenport and the deed from Davenport to William Martin is the same land to the best of my knowledge. William Martin left no children. He left no brothers and sisters that I know of. I learned from William Martin and his wife that he had no brothers and sisters, that his mother and father formerly resided in the Cumberland Valley and had removed from there to Arkansas or some of the western states. I know of no heirs. On the 12th day of next May, I will be 90 years old. I have a complaint that if I was to start to Greensburg I could not hold out to get there. I never expect to be relieved of it. It is a rupture.

J. S. Lobb objects to the deposition of Jesse Handy at his house on February 18, 1860 because the notice is uncertain, vague and indifferent, because the questions are illegal, and improper.

Circuit Case Green Co, Ky.

Deposition of Jesse Handy (June 23, 1860, residence of Thomas Phillips)

I was tolerably well acquainted with William Martin. He married my sister. He had been dead twenty odd years. He left a widow, Elizabeth, who resides in Crawford County, Indiana. William Martin never had any children. He had some relations who moved out of this state a long time since. I do not know who the heirs of William Martin are or where they are at this time. He has no relatives in this state that I have any knowledge of at this time. He owned 50 acres in Green county on the southside of Green River and the east side of Little Barren River, the same which was patented to William Moore, who conveyed it to Clement A. Davenport and by Davenport to William Martin. Elizabeth Martin conveyed it to William Gooch by me. She made me her power-of-attorney. There was no person living on the land at the time I sold it for her. I am in my 91st year and my health is feeble and I am diseased by rupture so that I could not at any time get to Greensburg without serious injury to myseslf. I could not get there at all unless I was hauled and I do not believe I could stand that.

James Lobb objects to the deposition of Jesse Handy at the home of Thomas Phillips on June 23, 1860 because the notice is insufficient and taking depositions at the residence of Thomas Phillips and at the same time; because notice did not apprise the party where or in what county the depositions would be taken; because evidence given by Jesse Handy was obtained by leading interrogations by plaintiff; because witness is made to refer to papers and identify the exhibits when he is unable to read or write.

This "Old Meeting House" stood on a high ridge and rightly gets its name "Pleasant Ridge." From this high point, one can see for many miles over the beautiful countryside. The land slopes down into deep gorges, which were well wooded at that time. There was a spring down under the hill which provided water. It was also near Adams Creek. A mineral spring near the "Pleasant Ridge Meeting House" was used for medicinal purposes. Robert Handy, son of Jessie Handy, built a log cabin on his land. It was build of hued logs. Later the John William Parnell's widow, Victoria Parnell Moss, lived there and cooked many meals in it. John M. Moss remembered seeing the date 1782 cut into a log of this cabin before it was torn down.

Judgment: The two tracts of 72 acres and 47 acres are to be sold, advertised in Green Co., Hart Co., and Metcalfe Co.

The land sold 19 January, 1874. The highest bidder was James Bale for the 47 acres at \$305. P.W. Sandidge paid \$200 for the 72 1/2 acre tract.

Green County, Kentucky Circuit Case #795 21 March 1873

Elizabeth (Harlow) Handy vs. Elzy Handy

Elizabeth (Harlow) Handy states that Caleb W. Handy made a note to her on December 14, 1872 for \$300.00 and another for \$100.00 and another for \$100.00. The notes have never been paid. The notes were for land Caleb accepted the deed and took possession of the land.

Caleb W. Handy died interstate in December, 1872, leaving the following children:

- 1. Elzy Handy
- 2. Micajah Handy
- 3. Milton Handy
- 4. Ulisous (Ulysses) Handy
- 5. Slyvanus Handy
- 6. Louisa Handy
- 7. Ledusky (Lodosca) Handy
- 8. Harriet Hines, died before her father, Married Samuel Hines
  - A. Amanda Hines
- 9. Hesekiah Handy, died before his father
  - A. William Handy
  - B. Nancy E. Handy

Elizabeth, widow of Caleb wants a sale of the land to pay the debt. The land is in Green County on Little Barren River.

The children state that the estate is not responsible for the notes. They deny that Caleb was in debt to Elizabeth. Caleb W. Handy was their father. His first wife, which was their mother, died many years ago in September, 1853. C. W. Handy and Elizabeth signed a marriage contract. Some years before his death, C. W. Handy became a victim to the insociable destroyer of human life and happiness (to wit, spirituous liquor) to an extent that gradually so impaired his mind that he could not take a rational survey of his property and finally destroying his life. Elizabeth claims to have sold land back to him the week before his death and took his notes. They believe this is fraud. She took advantage of his incompetent mind, which was so unnatural that he seemed to have lost all affection for his children. As his mind decreased, the more adverse he was to the children and the more controlled he was by Elizabeth.

Depo. of James Bale (26 September. 1874 at the drugstore in Osceola, Green County Kentucky)

I live in Green County, I knew Caleb W. Handy, dec'd. I know Elizabeth Handy. I wrote the notes in question. C. W. Handy signed them in my presence. He said he had used the money of his wife. John T. Rhea and myself sold to Mrs. Margaret Hamilton and Elizabeth Handy a tract of land. Caleb paid the money for them in their presence. I understood the money belonged to Mrs. Hamilton and Mrs. Handy. It was my understanding that Elizabeth Handy owned a tract of land in Hart County,

Depo. of John T. Rhea (26 September, 1874 Oceola, Green County) I reside in Green County.

I was acquainted with C. W. Handy, dec'd. I know Elizabeth Handy and Margaret Hamilton. James Bale and myself sold 99 and 1/2 acres to Elizabeth Handy and Margaret Hamilton. Caleb W. Handy paid us \$700. I understood that the money belonged to Mrs. Handy and Mrs. Hamilton. They are sisters. I made two deeds...one to Mrs Handy and Mrs. Hamilton and the other to Caleb Handy. Caleb told me he sold to Mrs. Hamilton and Mrs. Handy a part of the home place where he then lived and had taken the tract of land sold by Bale and myself to Mrs. Hamilton and Mrs. Handy in part pay for the same.

Depo. of John W. Wade (26 September, 1874, Osceola, Green County)

I knew C. W. Handy, dec'd and I know Elizabeth Handy. I saw C.W. Handy with some money and he said he had borrowed it from his wife and I saw him pay it to Mrs. Hamilton on a debt he owed her. It was gold and silver, over \$100. I didn't think his mind was in the right fix to make any trade. He was intoxicated and had to be aroused when a question was put to him before they got an answer. He was under the influence of liquor a lot before his death. Elizabeth had a lot of influence on him. He would do anything she would say. I think she was the cause of him driving off his children. I was living on C. W. Handy's farm when he died. I am not related to the parties.

## Depo. of C. L Bradley (16 November, 1874)

Elizabeth Handy is my grandmother. She had some money and a tract of land when she married C. W. Handy. She rented the land out. C.W. told me that he collected the rent for her. He said he rented it for \$40 or \$50 during the war and not so much since the war. He said he used the money for rent that he collected but he intended to pay her back and did not intend to keep her money. This conversation was about a year before he died. I was about 10 or 11 years old when C. W. Handy married my grandmother. I'm not sure how much C.W. collected in rents, but I think \$400 or \$500.

# Depo. of Dr. J. Bev Lewis (7 January, 1875)

I knew C. W. Handy 5 years before his death. I was a practicing physician and I visited him frequently in his last days. His mind was in no condition to make a contract a month before his death, nor any matters of interest. I cannot say that Elizabeth Harlow Handy exerted undue influence over her husband. He may have been capable at times, but he was under the influence of intoxicating liquors every time I saw him.

## Depo. of W. A. Defries (6 January, 1875)

I knew C.W. Handy for four years and the last two years of his life I lived within 2 1/4 miles of him and saw him frequently. I did not consider him in his right mind.

## Depo. of Henry Dangerfield (6 January, 1875)

Age 64; Live Green county.. I knew C.W. Handy 20 odd years. I lived about two miles from him at the time of his death. I visited frequently at his house immediately preceding his death. His mind was greatly impaired. The last time I saw him was four or five days before his death. He was perfectly deranged at that time. He was not capable of making a contract for six or eight months before his death. I know nothing about the rent of Mrs. Elizabeth Harlow Handy's land in Hart county except what I heard Mrs. Handy and C.W. Handy say. They said C.W. Handy collected the rent money and paid it to Mrs. Handy. I am acquainted with Mrs. Handy. I can't say that she exercised any undue influence over him during the last months or years of his

life. I was at the first sale after his death. Elzy Handy was administrator. Elizabeth Harlow Handy was an industrious woman. She was not extravagant. She dressed neat enough and not too neat. (Signature; Dangerfield)

Depo. of James Bale (20 January, 1875, Osceola, 2nd Depo.)

As stated in my former deposition, I did not see anything wrong with Handy's mind. He dictated the note that I wrote and when he was intoxicated, he was not capable of making a contract. About half of the time I saw him, he was intoxicated.

The plaintiff states that previous to the time of the marriage between herself and Caleb W. Handy, dec'd. that she and Caleb entered into the marriage contract filed by defendants in their answer. At the time of her marriage, she had cash and and cash noted and she was also the owner of a tract in Hart County (and some personal property) which she rented out annually and received the rent yearly since her marriage to Caleb which took place in 1853. She had the exclusive right to sell. She and her sister Margaret Forbes, now Margaret Hamilton, purchased of James Bale and John T. Rhea, a tract in Green County for \$700.00. They paid Bale and Rhea. She paid with her own money. She and her sister traded the tract to Caleb for the tract Handy lived on.

Depo. of Bentley M. Hicks (21 January, 1875)

Age 60; reside Hart County

I was acquainted with {{C. W. Handy and knew him from the fall of 1837 (moved to Green County)} to the time of his death. A part of the time, I lived within two miles and the other part within six miles from him. I considered his mind during the last two years of his life greatly impaired and unsound. The last time I saw him a month or so before he died. He seem to be greatly afflicted in both body and mind.

Depo. of Thomas J. Thompson (20 January, 1875, Osceola)

I reside in Green County and I knew C.W. Handy and I know Elizabeth Harlow Handy. I bought a tract of land from C.W. Handy and his mind was perfectly fine. I bought a portion of the land he lived on. I bought 125 acres for \$900. I made the notes to Caleb W. Handy for \$348. and to Margaret Hamilton for the rest. This was about ((three days before Handy's death.))

Depo. of John T. Rhea (20 January, 1875 at Osceola)

The land which T.J. Thompson bought of Handy is the same land Handy sold to Margaret Hamilton and Elizabeth Handy. There was nothing wrong with his mind. I've lived close to Handy for years. I saw him a month or two before his death and did not think he was quite right. He drank too much whiskey or brandy. There were not many sober days the last year of his life. When we was sober his mind was OK.

Depo. of Elijah Wisdom (20 January, 1875, Osceola)

I knew C.W. Handy for 10 years before his death. I was present when T.J. Thompson purchased the land. Handy's mind was fine during the Thompson transaction. He wasn't drinking. I lived ten miles away.

Depo. of J.P. Hodges (20January, 1875, Osceola)

I'm a physician and I've know C.W. Handy since I was ten years old. I attended him up to two or three weeks. I heard him speak of executing to his wife some notes for a tract of land. His mind was fine. I was present when Thompson purchased land of Handy. Thompson asked me the condition of Handy's mind and said they did not want to buy a lawsuit. I told him his mind was clean except when drunk and that was frequently the case. I advised him to use brandy as he was accustomed to it and if he quit he could not live. Handy told me he had purchased part of home tract and a portion of the land where T.H. Thompson now lives. I don't think Handy's mind worked well when he was intoxicated. Handy seemed to think a heap of his wife and she did all she could for him.

Depo. of Richard V. Hall (22 December, 1875)

I have known C.W. Handy all of my life. He was my uncle by marriage. I lived one mile from him when he died. For about a month before his death, he was not competent to do business. His mind was impaired by liquor. Elizabeth had a strong hold on Caleb. She seemed to rule him. I heard Elizabeth Harlow Handy say she owed Mrs. Hamilton and C.W. money for the land. She wanted me to sell the Hart County land.

Depo. of John L. Hawkins (6 January, 1875)

I was born in 1810 and reside in Green County, and I am a farmer.

I lived two miles from Caleb Handy and knew him seven or eight years. Caleb was smart when I first knew him, but the last two or three months before his death was not capable of making a contract. His mind was impaired by liquor. Elizabeth Harlow gave Caleb liquor when he got ready to make his will and transfer property. He drove his children off and Elizabeth was glad to be rid of them. She was unkind to them. Elizabeth is a selfish woman and had considerable influence over Caleb. I saw her give him a great deal of liquor about the time of making his wills and transferring his property in the last two or three months

before his death. I heard Elizabeth say she had received all her rents. I happen to know the land rented for repairs for one or two years before Caleb's death.

Depo. of Mrs. Margaret Hamilton (6 January, 1875, Osceola)

I am the sister of Mrs. Elizabeth (Harlow) Handy. Mrs. Handy had no money when she purchased the land. She borrowed \$200. from me to pay for the purchase.

Depo. of Isaac D. Russell (22 December, 1875, Osceola) Age 49; reside in Green County;

I lived 1/2 mile from Handy. I've known Mr. and Mrs. Handy for 15 years. Caleb drank excessively, day and night for two or three years before his death. He was not capable of making contacts. Elizabeth held land in Hart County before they married. Caleb collected rent for her. Elizabeth had considerable influence over Caleb. He appeared to do anything she would tell him.

Depo. of William C. Curry (December, 1875, Osceola)

I knew Caleb 25 years and lived six or seven miles from him for several years, and 1 1/2 miles for the last six years. Caleb's mind was impaired the last twelve months before his death. I had no personal acquaintance with Elizabeth (Harlow) Handy and don't know if she had influence upon him.

Depo. of Samuel D. Hinds (22 December, 1875, Osceola)

I lived three miles from Caleb. Elizabeth completely controlled Caleb and she got worse all the time. I've know Caleb upwards of 20 years and Elizabeth (Harlow) 25 years. I am Caleb's son-in-law. I married Caleb's daughter by his first wife. ((I have one child.)) I was frequently at Caleb's house. I heard Caleb say he had given all rents to Elizabeth. I was not present when Elizabeth sold the land to Caleb. Elizabeth influenced Caleb in almost any little trade that he made. I was present when he wanted to sell a cow but he did not sell it because she would not let him. I know the land in Hart County. The rent is worth \$25. a year. Caleb and Elizabeth married in 1851. He died in December, 1872. Ulyssus and Micajah lived at home at the time of Caleb's death. It's been 11 or 12 years since Elzy lived with him. Elzy lived six miles away when Caleb. Caleb and Elizabeth had no children.

Depo. of Sylvanus Handy (6 January, 1875) age 24; resides in Green County

I am the son of C.W. Handy. My fathers's mind was greatly impaired for some two years before his death. He was not capable of taking care of his matters for 6 or 12 months before his death. He was not capable of making a contract. I was present at my fathers's house when the notes were written. I think his mind was very weak. I do not think he had much mind from what he said to me that day. Father told me he had collected the rent and he and mother both told me that Father paid it all to Mother and kept it paid to her. Mother Elizabeth (Harlow) had no children by my father. She used a great deal of influence on him. My brother Elzy Handy sold the personal property of my father. All of us children appointed him to sell it and wind up the estate's business. He was not appointed by any court administrator. The property brought \$1200. I bought about \$40. of it. I haven't paid for it. Father sold the home tract to Margaret Hamilton and my stepmother. He sold it to go down on Mother's place. He bought it back and then sold it to Thomas Thompson. The day he told me he had made land notes to my stepmother, he was not in his right mind. The night before, he jumped up and said the dogs were after his sheep. The sheep were standing still when he told this. I said I wished that I had a sheep bell. He told me to go look in the other room, that Biggy Hamilton had a bell over the door, to get it and put it on my sheep. He had always taught me not to take anything that belonged to someone else. He was talking audacious about his children. He drove four of his children off and I do not think he would have done it without the influence of my stepmother. He would cuss and threatened to shoot one of his daughters and he threatened to stab me. He wanted a pistol one night to shoot Dick Hall. He hit mother and knocked her against the jam and cussed and abused her mightily. Before he was out of his mind, he was a pious man and good to his family and prayed in public and held family prayer awhile. The day he drove off Milton, I went down that night and got his clothes and something was said about Milt being in the other room and he called him down there and told him he had to leave that night that he could not stay in his house. Milt was kind to him. Father said right before Uncle Dick Cook that he had learned how to piss without getting up and this was before the women and all. He said there was a hole in his drawers and he could pull his pecker out without getting up and piss in the pot and nearly every time any woman would come in the house, he would call them to him and try to buss them on the hands. There is so much of this suit that I cannot recollect it all and when he was himself, he was as nice a man as ever lived. My stepmother could not influence him during those bad spells but she could during the good times. He drank too much and she encouraged him to keep him stimulated and I think to keep her on the good side of him and get what little he had.

## Depo. of Louisa Handy (6 January, 1875)

Age 42: I am a daughter of Caleb Handy, I lived with my father all of my life up until a year before his death. For two or three years before his death his mind was considerably inpaired and unsound. Elizabeth caused Caleb to drive off four of his children, two boys and two girls, myself being one of them. This was in May before he died in December. Previous to that time, my father was as kind as any father could be to his children. I heard my stepmother say she had received all rents for her land in

Hart County. This conversation was one year before my father's death.

Depo. of Elzy Handy (6 January, 1875)

I am a son of C.W. Handy. I lived 5 or 6 miles from my father when he died. My father's mind was not capable of making a contract. My father said he collected Mother's rent in Hart County and gave it to her. She had a lot of influence on him. When Father died, Mother left the property and took her own things, but she left the property of Father's there to the church.

JUDGEMENT; Elizabeth (Harlow) Handy has a lien on the land. The land is to be sold. The defendants asked for an appeal.

Green County Kentucky Circuit Case #544 March 23 1875

Caleb W. Handy died in Green County; On May 17, 1873 P. W. Sandidge was made administrator.

Thomas J. Thompson and wife, Amanda (sometimes called America in the suit) owe a note to the Handy estate for a track they bought from Handy for \$348.88 dated December 16, 1872

The Thompson's state that they purchased the land, but the title wasnt clear. Handy had not paid for all of it. His wife, Elizabeth (Harlow) Handy had a lien on the land for the purchase money and Caleb was to pay her. Handy was insolvent and the Thompson's are afraid if they pay off the note, that the lien will cause it to be sold and they will lose their money. Handy owed a note to Mrs. Margaret Hamiliton and the Thompson's paid off that note.

Green County, Kentucky, Circuit Case #8442, 29 September, 1866 Thomas Hinds vs. Hezekiah Handy

Thomas Hinds states he is owner and entitled to possession of a track in Green County on Little Barren River of 125 acres bounded on the north and northeast by Samuel Hinds and James Lobb, Thomas Hinds on west and William Cook on south. It is wrongfully held by Hezekiah Handy

William J. Davis denies that plaintiff is owner of the land in question. The land was patented to Mary Clements, now Robert's, on 3 October, 1820. She conveyed the land to William and Abner Gooch, who conveyed it on 18 May, 1861 to Davis. He says the patent of Hinds is void and he has no right to the land. Davis states he is the owner of the land in question and Handy is the tenant. He is a necessary party to the suit.

Hezekiah Handy denies the Plaintiff is the owner. He holds possession as tenant of William J. Davis who has a good title.

Grant; 19 June, 1855, Frankfort, Kentucky

Lazarus W. Powell, Esq. Governor of Kentucky, grants to Thomas Hinds 125 acres dated 19 June, 1854 in Green County on south side of Green River on Little Barren River...Spillers old line...Frances C Martin...Lobb...Wm. Goff..W. Cook...Spiller's

Alexander Milby is ordered to survey the land.

Alexander Milby states he went on the land to survey it on March 4, 1869. Thomas Hinds produced a patent from the commonwealth for 125 acres. William J. Davis produced a deed from William Gooch. Davis and Handy are living within the boundaries of the Hinds patent.

None but vacant land could be appropriated under the law as it existed after July 1, 1852. The Jury found for the defendent.

Circuit case #795, March 21, 1873

Depo. of Samuel D. Hinds (22 December, 1875, Osceola)

I lived three miles from Caleb. Elizabeth completely controlled Caleb and she got worse all the time. I've know Caleb upwards of 20 years and Elizabeth (Harlow) 25 years. I am Caleb's son-in-law. I married Caleb's daughter by his first wife. (I have one child). I was frequently at Caleb's house. I heard Caleb say he had given all rents to Elizabeth. I was not present when Elizabeth sold the land to Caleb. Elizabeth influenced Caleb in almost any little trade that he made. I was present when he wanted to sell a cow but he did not sell it because she would not let him. I know the land in Hart County. The rent is worth \$25. a year. Caleb and Elizabeth married in 1851. He died in December, 1872. Ulyssus and Micajah lived at home at the time of Caleb's death. It's been 11 or 12 years since Elzy lived with him. Elzy lived six miles away when Caleb died. Caleb and Elizabeth had no children.

Depo. of Sylvanus Handy (6 January, 1875) age 24; resides in Green County

I am the son of C.W. Handy My fathers's mind was greatly impaired for some two years before his death. He was not capable of taking care of his matters for 6 or 12 months before his death. He was not capable of making a contract. I was present at my fathers's house when the notes were written. I think his mind was very weak. I do not think he had much mind from what he said to me that day. Father told me he had collected the rent and he and mother both told me that Father paid it all to Mother and kept it paid to her. Mother Elizabeth had no children by my father. She used a great deal of influence on him. My brother Elzy Handy sold the personal property of my father. All of us children appointed him to sell it and wind up the estate's business. He was not appointed by any court administrator. The property brought \$1200. I bought about \$40. of it. I haven't paid for it. Father sold the home tract to Margaret Hamilton and my stepmother. He sold it to go down on Mother's place. He bought it back and then sold it to Thomas Thompson. The day he told me he had made land notes to my stepmother, he was not in his right mind. The night before, he jumped up and said the dogs were after his sheep. The sheep were standing still when he told this. I said I wished that I had a sheep bell. He told me to go look in the other room, that Biggy Hamilton had a bell over the door, to get it and put it on my sheep. He had always taught me not to take anything that belong to someone else. He was talking audacious about his children. He drove four of his children off and I do not think he would have done it without the influence of my stepmother. He would cuss and threatened to shoot one of his daughters and he threatened to stab me. He wanted a pistol one night to shoot Dick Hall. He hit mother and knocked her against the jam and cussed and abused her mightily. Before he was out of his mind, he was a pious man and good to his family and prayed in public and held family prayer awhile. The day he drove off Milton, I went down that night and got his clothes and something was said about Milt being in the other room and he called him down there and told him he had to leave that night that he could not stay in his house. Milt was kind to him. Father said right before Uncle Dick Cook that he had learned how to piss without getting up and this was before the women and all. He said there was hole in his drawers and he could pull his pecker out without getting up and piss in the pot and nearly every time any woman would come in the house, he would call them to him and try to buss them on the hands. There is so much of this suit that I cannot recollect it all and when he was himself, he was as nice a man as ever lived. My stepmother could not influence him during those bad spells but she could during the good times. He drank too much and she encouraged him to keep him stimulated and I think to keep her on the good side of him and get what little he had.

# Notes for Charlotte Temple Francis:

Charlotte Temple Francis first marriage was to James Thomas Binegar May 24, 1868, who left her in 1880 for Military Service. In 1880 Census Charlotte was living with her parents Mathew Peter Francis and Mary (Allen) Brinegar: and had three of her children with her. When Lucy Pedigo Handy died August 10, 1880; Charlotte moved in to take care of Simeon who died September 1880. She remained on to take care of the other children. Oct 24 1884 when Martha Handy married William Perry. Charlotte was married October 4, 1884 to Miles Jasper Handy. Charley Boyd Handy was born Aug 19, 1887. In 1889 James came back from the military and Miles and Charlotte had to get divorced because they were not legally married. After James and Charlotte were legally divorced in 1889, Miles and Charlotte were remarried Oct 14, 1889.

In 1906 when Miles died, Charlotte had trouble getting Miles disability pay from the time he served in the Kentucky Volunteers Army. Miles' sons and daughters would not sign the necessary paperwork until certain conditions were met. Charlotte received \$12.00 a month until 1914, when she married a Mr. James J. Perkins.

Her granddaughter, Temple Lucille Handy Pifer recalls the following about her: She was always a cut-up & a "monkey" like me. she had a real good sense of humor. We always called her Grandma Perkins. I can remember one time being at her home when I was a little girl and my cousin and I were lying on a pallet on the floor. She came in and said "Do you girls want to see me turn a somersault?". She just leaned over, put her head between her legs and over she went! We were amazed! "I probably shouldn't tell this, but one time when this cousin and I were there, she came in where we were playing and said "Do you want to see my titties?". Then, before we could say no, she pulled her shirt up and showed her chest. We were horrified to see those 2

limp pieces of skin. She just laughed and laughed. "She had a sister, Betty, who was all stooped over, almost in half. Grandma always was scolding her to straighten up. She would say "I'd be ashamed of myself to be bent over like that! I'd tie a board on my back before I'd let myself get that way!". She died in or around Branson, Mo. She'd married Jim Perkins and had lived around Weaubleau, Mo" (Weaubleau is in Hickory County). James: His granddaughter, Maggie E. Handy, said he and Charlotte had 7 children. Tom was gone for seven years & was believed to be dead, so she married Miles Jasper Handy. Tom returned to this, but merely apologized and left, bearing no grudge. From Joyce Alexander, 7 Brandywine, Shrewsbury, PA 17361: "I had someone do an abstract of his pension #SC897-797. Enrolled Bef. 1865 Pvt. Co. G. 51st Reg. Mo Infantry. P.~W.~S Sandidge states that A.~D.~H and owes him a note dated October 18, 1894 for \$100. It was made to B.~E.~H amilton and assigned to plaintiff. The note was for the purchase of land. Plaintiff wants a sale of land to pay the note.

One of the tracts is on Little Barren River...Hinds...Lobb...28 acres

Green Co., KY circuit case #163218 October, 1897

J. B. Russell vs. A. Dempsey Handy and wife, Malinda Handy

J. B. Russell and wife, Margret K. state that on 16 July, 1896, they purchased a tract of land from A. Dempsey Handy, of 62 acres. He traded Handy a tract of 42 1/2 acres for it. Russell deeded his land to Handy but Handy cannot give a clear title to Russell. The title was in the name of the infant children of James Willis Hinds who died in 18--, and the title has been in their name since the death of James Hinds, and tried to defraud him. The children are Noah Bain Hinds and Willie Myrtle Hinds. Handy gave a bond to Russell. Russell moved his family on the land, a distance of 7 miles at a cost of \$50. Russell wants a rescission of the contract. Only 28 acres of the tract has good title.

Depo. of A. D. Handy (18 March, 1898

Age 40; blacksmith and farmer; resides in Green Co. J. B. Russell wrote the title bond to the land. My wife's name is Malinda Margaret. We made a deed. Russell said it wasn't good. J. B. Russell professes to be a lawyer. He said the deed was only a "quit claim." They hadn't signed the deed, and he told me to have that done. B. E. Hamilton and his wife, and S. D. Hines had to sign. I told Russell there was a lien on the land. It was to Capt. R. F. Tucker. I made the note so land could be released. I was to pay that and Russell was to pay the \$100. owed on the land. S. H. Handy made the deed to S. D. Hinds and J. W. Hinds, jointly. J. W. Hinds is dead. He left two heirs and a widow. Arminta who is now married to B. E. Hamilton. Granville Higgason wrote the deed to Russell at the Sandidge store. George Grimsley surveyed the land and division line between that 20 acres and S. D. Hines land. The deal was acknowledged before Luther Cook but not recorded.

Depo. of Thomas W. Handy (18 March, 1898)

Age 65, b. Green Co. I was present when the title bond was executed. J. B. Russell had the deed to the 20 acres from Samuel D. Hinds. B. E. Hamilton and Araminta Hamilton. Russell discovered the the deed wasn't signed. Luther Cook was the deputy court clerk so he took it and got it signed. James W. Hinds is dead. He left two heirs: Noah, Blaine and Willie Myrtle.

James died before the land was paid for and his wife went on and paid for it by Mr. Hinds agreeing to give her a bond for a general warranty deed. She paid \$79. Jim Will paid \$20. before he died. She paid it with her own money...money she had for nearly 12 months.

## Depo. of J. B. Russell, age 66, resides Green Co;

I have examined the title bond and it is the one I got from Handy. Handy has made a deed to me since suit began. There were 40 acres of land bought jointly by S. D. Hinds and his son, J. W. Hinds. S. D. deeded 20 acres to A. D. Handy. That's the 20 acres I bought. J. W. Hinds is dead. He left a wife and two children, who are under 12 and 11 years old. They live with their mother near Osceola. They are A. D. Handy's nephews and nieces. The widow of J. W. Hinds married B. E. Hamilton. The grandfather of the children, S. D. Hinds, and their uncle, Eli Hinds, told me the children were claiming interest. Their mother told me nothing. I cannot remember seeing her. Handy owed P.D. Sandige \$100 for which Sandidge held a lien and Sandidge brought suit on said note and obtained judgement to sell the 28 acres and I was forced to sell 14 acres of the most valuable land in the whole 62 acres. Then the 20 acres traded to me by Handy the same being the 21 as that S.D. Hinds deeded to the defendent A.D. Handy for which said Handy has no title. James W. Hinds infant children own it. James died without leaving a will and left the land. Samuel and James W. Hinds bought the landfrom Rev. Samuel Hardy who conveyed the land. I don't know exactly where A.D. Handy got each of the three little acre tracts. I think he bought the 28 acre tract that he now lives on from Rev. Samuel Hardy, the 14 acre tract he got from his father, Thomas Handy; the 20 acre tract he bought of S.D. Hinds or at least S.D. Hinds conveyed it to him. My wife, Margaret K., and me made Handy a deed to the 42 3/4 acres that he swapped in exchange. W. V. Tucker made the deed. The 28 acres was ordered to be sold. The 14 acres was sold to satisfy judgement by order of court. There was a lien of \$31 on the 42 3/4 acres that I traded to Handy but I paid it off in a few months to Dr. W. V. Tucker before he traded. I paid the \$30 by the way of compromise in a lawsuit between me and Dr. Tucker. It is not true that Handy assumed a debt of \$146 for me. Handy won't even talk to me, let alone pay anything for me. J. W. Hines' father, S. D. told me about the defect in the title and I inquired into it last January a year ago.

### Depo. of Joseph B. Pierce (March 18, 1898)

Age 53; blacksmith; I am familiar with the tract in question. Russell spoke of it as the land Jim Will Hinds lived on. I was at Russell's and we were talking about the orchard and sweetning apples and I asked him if they could make him a good title and he told me it was their business that they had sold it to him.

## Depo. of E. F. Tucker (March 18,1898)

Age 55; Postmaster; Dr. W. V. Tucker sold the land to J. B. Russell. I didn't make a deed. I paid the purchase money for Dr. Tucker. I had a lien on the land.

## Depo. of S. D. Hinds (May 25, 1898)

Age 73; I am acquainted with the land in controversy. I owned the land, in conjunction with my son, J. W. Hinds, who is now deceased. We were joint owners. S. H. Hardy made the deed. There were 40 acres J. W. didn't sell it in his liftime. He died on the land. He left two children. One was not born at the time, but was born shortly after his death. I made a deed to A. D. Handy and Hamilton's wife for 20 acres. My son was dead when I made the deed to Handy. I told Handy I couldn't make a deed to it.

## Depo. of Nannie McKinney (July 25, 1898)

Age 31; I'm acquainted with the land. I was present when Russell and Handy traded. Handy said there was nothing against the land except the Pleas Sandidge debt. There are two heirs of J. W. Hinds. I heard S. D. Hinds say that Demsey Handy could not make a title to the land. I heard Eli Hinds, the uncle of the children of J. W. Hinds, say the same.

### Deed: 16 November 1897

A.D. Handy and wife, Malinda M. to J. B. Russell...in consideration of 42 3/4 acres traded and \$146 assumed by first part to E. F. Tucker...Little Barren River...28 acres and 20 acres. (to first party by W. V. Tucker and wife, Anna in 1897)

Defendant Handy states S. D. Hines and J. W. Hind bought 40 acres. J. W. died leaving a widow and two heirs. The widow Arminta married B. E. Hamilton. Russell bought 62 acres from A. D. Handy by trading 42 1/2 acres. He did not fraudently represent anything.

#### Reply of J. B. Russell:

He did not on July 16, 1896 convey title to 42 1/2 acres he purchased of E. F. Tucker. He agreed to the sale of 14 acres to satisfy judgement. His dwelling house was located on the 28 acres where he and family lived.

Birth of William Joseph Handy, Born April 8, 1869, The Family History of Rod & Deborah (Handy) Morris, Vollume 11, Page 8.

William always watched for new areas that the government was opening up for settlement. He would travel there, select the best land he could find, stake claim to it by registering with the nearest land office; then move his family to the land to begin development of it to meet the required specifications for homesteading.

After their marriage they were living in Harvey County, Newton, Kansas. In 1905 they were living in Oklahoma County, Bethany, Oklahoma. 1910 they moved to California in order to live near Birdie's family. Her sisters and their families lived in the area. By about 1917 they moved back to Oklahoma.

She was born 09 Sep 1866 in Green County, Greensburg, KY, and died 17 Aug 1955 in Sangamon County, St. John's Hospital, Springfield, IL.

Notes for EDWARD WASHINGTON HANDY:

Edward Washington Handy was born in Greensburg, Kentucky on September 18, 1860. He was the son of Hezekiah Carl and Rachel Brewer Handy. His father died when Ed was only 13 years old. Thomas B. Marcum was appointed guardian for William, Nancy E. and Edward Handy.

Elizabeth Bird, known as Bettie (age 15) and Ed (age 21) were married in Greensburg, KY on May 4th, 1882. Ed worked as a miller in Kentucky and later as a farmer southeast of Greensburg. All of their children were born in Kentucky. In the spring of 1923 (at age 63) Ed and Bettie sold their farm to their son, Herbert, and moved to Illinois and settled in Maxwell Township where he worked as a farm hand on the Cap Gibson farm. Three sons, George, William, and Leslie had already settled in Illinois.

In 1934 they retired and moved to Auburn where they lived until their death (Ed 96 - Bettie 88). They were married for 73 years and were both buried at the Auburn Cemetery in Sangamon County, IL. Ed and Betty also raised Dennis, son of George and Mary Bell Karnes (who died when Dennis was 2) and Sylvia and Thurman (whose mother--Cora-- died at age 29).

Ed was a great gardener. When one would visit them on weekends, he took great pride in showing his garden.

Ed. W. Handy vs. T. H. Poore

Ed W. Handy states that T. H. Poore gave him a check for \$70.00 and the check did not clear the bank. He wants judgment on

Poore states that he has credits on the check and does not owe the full amount. Judgment for plaintiff for \$7.43.

Green County, Kentucky, Circuit Case #3458, 28 February, 1919 Ed Handy, Herbert Handy, Richard Handy vs. Joseph E. Johnson

The plaintiffs state that by a written bill of sale, they gave Joseph E. Johnson their entire crop of tobacco grown in 1918, about 2500 pounds at 30 cents a pound to be delivered to the Greensburg Loose Leaf Tobacco Warehouse to be stripped and neatly tied in small bands. The bill of sale was signed by Herbert Handy, and Richard Handy on 24 January, 1919. The tobacco belonged to the plaintiffs jointly, but had never been divided, but Ed Handy had authorized and informed Herbert and Richard Handy to sell his interest. No time was set but it was to be delivered in a reasonable length of time to the warehouse. It was to be placed in baskets and sold under the name of Richard Handy, which was done. Defendant received the tobacco except 1365 pounds and this amount he received pay for. They only received \$297.78 and should have received \$409.50. They sue for \$111.72.

The defendant denies that he had a written contract with plaintiff. He did not purchase any tobacco from Ed Handy. Richard and Herbert Handy purchased the crop from Ed and attempted to deliver same under the terms of the bill of sale. Ed agreed to take an entire crop, but the part they attempted to deliver was lower grade. He went to their barn to see if the better grade was still there and found the better grade in their barn which they agreed to deliver. Defendant has paid for what he received. No results given.

Notes for Claborne Tally Handy:

Birth of Claborne Talley Handy, 1870 Census, Hart County, Kentucky, [Census says Clairburn G Handy 8 years old]

In Obituary of Theo Docia Perry (Handy) Clayborne was in Ray County, Richmond, Missouri in 1931.

Clayborn: Green River post office was later changed to Hardyville in Ky. "My dad had a twin brother, William Boyd Handy, none of us ever met him or any of his family."... Temple Lucille Handy Pifer Nov/1994.

Marion Harvey Brown said that Clayborn Handy was in the run of 1889. He built a sod house and Minn told of the tall grass and the wind blowing. The Indians would come up to their house and the children were scared of them. Clayborn stayed with the Arapaho Indians a lot. There were two uncles that had a sense of humor. One of them couldn't feel pain and liked to fight. They didn't have much contact with Minnie's family.

She also told the following: "He was insanely jealous of his wife, Alice. We were all scared of him and his temper. He would get furiously mad over nothing. You never knew what was going to set him off. One time, mother decided to take a nap & latched the screen door. He came to the house and when he found it was locked, pulled the door off the hinges in a rage. He ran in, yelling 'Where is He?! Where is the son of a b\_\_\_\_?! "One time, when we were living up in Novinger, Mo., Miles came home from Ogden, Utah, to visit. He was hugging his mother, when Dad came at him with a 2" X 4" board to hit the fire out of him. Miles told his mother on the trip that: "This has gone on long enough. He'll kill you if you stay with him".

She later did leave, taking Temple and Kennet & went out to Miles in Ogden, Utah. sw) (When I told Temple that my father, Herman remembered when her Dad came back to OK. to look for silver, an annoyed look appeared on her face. "Oh, he was always looking for buried Treasure of some sort"... She sounded disgusted. sw) "We moved to Crowell, TX. (near Vernon) in 1911. My Dad was working for Matt Muldoon. He bought 40 acres of land from Mr. Muldoon near Novenger, Mo., & we moved there & lived in a rented house which belonged to Muldoon until we got possession of the 40 acres. Bought a 2 room house and had it moved on the place. A large smoke house was built separate from the house. Half of it was the kitchen and the other half was storage. "We raised mostly corn and on a hill side and very rocky, but the soil was fertile and good crops were raised. We had chickens, cows and a team of horses. They were Sam & Mac. John loved the team and they would do most anything for him. John joined the Navy after we moved to MO. That left May, Cordia, Ken and me at home." Handwritten record from Temple Lucille Handy Pifer.

Notes for BENJAMIN F. PERRY:

Killed by a truck in 1938 at age 84 at Warwick, Oklahoma

Ben Perry, 84 killed by truck near Warwick: Accident on Highway 66 is fatal to County Man.

Ben Perry, 84 years, old pioneer was instantly killed Wednesday morning when struck by a truck on Highway 66 at Warwick. The accident happened about 8:30 A.M.

According to officers who investigated the accident, Perry was walking along the driveway by the filling station. The truck coming from the East, sounded the horn and the old man, apparently thinking the car was coming in the driveway, darted across the pavement. The truck driver pulled his machine to the left to avoid hitting the man, but Perry was caught by the right fender and thrown against a door.

He was dead when an ambulance arrived from Chandler. Death was apparently instantaneous. The truck was driven by Travis Aston, Depew. Others in the truck were Willis Baffle, Chandler; Flannery, Gypsy. The men in the truck were absolved of blame in the fatal accident. Mr. Perry was living with his son-in-law Jim Fisk, one and one half miles west and one-quarter mile south of Warwick and was on his way home.

Harrison County, Persia, Iowa, and died 1948 in Jasper County, Joplin, MO. He married EMALINE TAGUE 1898 in Harrison County, Logan, IA, daughter of THOMAS TAGUE and MALINDA WATSON. She was born 1875 in Pottawattamie County, Persia, Iowa, and died 1950 in Jasper County, Joplin, MO.

## Notes for JACOB SAMUEL HANDY:

Jacob was only five years old in 1882 when his mother died. He was raised by his grandparents, Samuel P. Handy and Sarah Carter-Handy in Iowa.

Jake and Emaline traveled to Missouri by covered wagon around 1900 with their first baby and settled in Jasper Co., Joplin, Mo. where they raised their ten children.

Jake, as he was nicknamed, provided for his family by farming, and at one time he and Emaline operated a small grocery store in Joplin. He also had a team of horses and wagons, and hired men to help him haul ore and timber in the Joplin area. It was Emaline's responsibility to feed the hired men --- a job she excelled at. Jacob died in 1948 and Emaline in 1950. Both are buried in Joplin, Mo.

Green Co., KY circuit case #163218 October, 1897

J. B. Russell vs. A. Dempsey Handy and wife, Malinda Handy

J. B. Russell and wife, Margret K. state that on 16 July, 1896, they purchased a tract of land from A. Dempsey Handy, of 62 acres. He traded Handy a tract of 42 1/2 acres for it. Russell deeded his land to Handy but Handy cannot give a clear title to Russell. The title was in the name of the infant children of James Willis Hinds who died in 18--, and the title has been in their name since the death of James Hinds, and tried to defraud him. The children are Noah Bain Hinds and Willie Myrtle Hinds. Handy gave a bond to Russell. Russell moved his family on the land, a distance of 7 miles at a cost of \$50. Russell wants a rescission of the contract. Only 28 acres of the tract has good title.

## Depo. of A. D. Handy (18 March, 1898

Age 40; blacksmith and farmer; resides in Green Co. J. B. Russell wrote the title bond to the land. My wife's name is Malinda Margaret. We made a deed. Russell said it wasn't good. J. B. Russell professes to be a lawyer. He said the deed was only a "quit claim." They hadn't signed the deed, and he told me to have that done. B. E. Hamilton and his wife, and S. D. Hines had to sign. I told Russell there was a lien on the land. It was to Capt. R. F. Tucker. I made the note so land could be released. I was to pay that and Russell was to pay the \$100. owed on the land. S. H. Handy made the deed to S. D. Hinds and J. W. Hinds, jointly. J. W. Hinds is dead. He left two heirs and a widow. Arminta who is now married to B. E. Hamilton. Granville Higgason wrote the deed to Russell at the Sandidge store. George Grimsley surveyed the land and division line between that 20 acres and S. D. Hines land. The deal was acknowledged before Luther Cook but not recorded.

Depo. of Thomas W. Handy (18 March, 1898)

Age 65, b. Green Co. I was present when the title bond was executed. J. B. Russell had the deed to the 20 acres from Samuel D. Hinds. B. E. Hamilton and Araminta Hamilton. Russell discovered the the deed wasn't signed. Luther Cook was the deputy court clerk so he took it and got it signed. James W. Hinds is dead. He left two heirs: Noah, Blaine and Willie Myrtle. James died before the land was paid for and his wife went on and paid for it by Mr. Hinds agreeing to give her a bond for a general warranty deed. She paid \$79. Jim Will paid \$20. before he died. She paid it with her own money...money she had for nearly 12 months.

## Depo. of J. B. Russell, age 66, resides Green Co;

I have examined the title bond and it is the one I got from Handy. Handy has made a deed to me since suit began. There were 40 acres of land bought jointly by S. D. Hinds and his son, J. W. Hinds. S. D. deeded 20 acres to A. D. Handy. That's the 20 acres I bought. J. W. Hinds is dead. He left a wife and two children, who are under 12 and 11 years old. They live with their mother near Osceola. They are A. D. Handy's nephews and nieces. The widow of J. W. Hinds married B. E. Hamilton. The grandfather of the children, S. D. Hinds, and their uncle, Eli Hinds, told me the children were claiming interest. Their mother told me nothing. I cannot remember seeing her. Handy owed P.D. Sandige \$100 for which Sandidge held a lien and Sandidge brought suit on said note and obtained judgement to sell the 28 acres and I was forced to sell 14 acres of the most valuable land in the whole 62 acres. Then the 20 acres traded to me by Handy the same being the 21 as that S.D. Hinds deeded to the defendent A.D. Handy for which said Handy has no title. James W. Hinds infant children own it. James died without leaving a will and left the land. Samuel and James W. Hinds bought the landfrom Rev. Samuel Hardy who conveyed the land. I don't know exactly where A.D. Handy got each of the three little acre tracts. I think he bought the 28 acre tract that he now lives on from Rev. Samuel Hardy, the 14 acre tract he got from his father, Thomas Handy; the 20 acre tract he bought of S.D. Hinds or at least S.D. Hinds conveyed it to him. My wife, Margaret K., and me made Handy a deed to the 42 3/4 acres that he swapped in exchange. W. V. Tucker made the deed. The 28 acres was ordered to be sold. The 14 acres was sold to satisfy judgement by order of court. There was a lien of \$31 on the 42 3/4 acres that I traded to Handy but I paid it off in a few months to Dr. W. V.

Tucker before he traded. I paid the \$30 by the way of compromise in a lawsuit between me and Dr. Tucker. It is not true that Handy assumed a debt of \$146 for me. Handy won't even talk to me, let alone pay anything for me. J. W. Hines' father, S. D. told me about the defect in the title and I inquired into it last January a year ago.

Depo. of Joseph B. Pierce (March 18. 1898)

Age 53; blacksmith; I am familiar with the tract in question. Russell spoke of it as the land Jim Will Hinds lived on. I was at Russell's and we were talking about the orchard and sweetning apples and I asked him if they could make him a good title and he told me it was their business that they had sold it to him.

Depo. of E. F. Tucker (March 18,1898)

Age 55; Postmaster; Dr. W. V. Tucker sold the land to J. B. Russell. I didn't make a deed. I paid the purchase money for Dr. Tucker. I had a lien on the land.

Depo. of S. D. Hinds (May 25, 1898)

Age 73; I am acquainted with the land in controversy. I owned the land, in conjunction with my son, J. W. Hinds, who is now deceased. We were joint owners. S. H. Hardy made the deed. There were 40 acres J. W. didn't sell it in his liftime. He died on the land. He left two children. One was not born at the time, but was born shortly after his death. I made a deed to A. D. Handy and Hamilton's wife for 20 acres. My son was dead when I made the deed to Handy. I told Handy I couldn't make a deed to it.

Depo. of Nannie McKinney (July 25, 1898)

Age 31; I'm acquainted with the land. I was present when Russell and Handy traded. Handy said there was nothing against the land except the Pleas Sandidge debt. There are two heirs of J. W. Hinds. I heard S. D. Hinds say that Demsey Handy could not make a title to the land. I heard Eli Hinds, the uncle of the children of J. W. Hinds, say the same.

Defendant Handy states S. D. Hines and J. W. Hind bought 40 acres. J. W. died leaving a widow and two heirs. The widow Arminta married B. E. Hamilton. Russell bought 62 acres from A. D. Handy by trading 42 1/2 acres. He did not fraudently represent anything.

Reply of J. B. Russell:

He did not on July 16, 1896 convey title to 42 1/2 acres he purchased of E. F. Tucker. He agreed to the sale of 14 acres to satisfy judgement. His dwelling house was located on the 28 acres where he and family lived.

## Depo. of J. B. Russell, age 66, resides Green Co;

I have examined the title bond and it is the one I got from Handy. Handy has made a deed to me since suit began. There were 40 acres of land bought jointly by S. D. Hinds and his son, J. W. Hinds. S. D. deeded 20 acres to A. D. Handy. That's the 20 acres I bought. J. W. Hinds is dead. He left a wife and two children, who are under 12 and 11 years old. They live with their mother near Osceola. They are A. D. Handy's nephews and nieces. The widow of J. W. Hinds married B. E. Hamilton. The grandfather of the children, S. D. Hinds, and their uncle, Eli Hinds, told me the children were claiming interest.

Green co., KY circuit case #163218 October, 1897 J. B. Russell vs. A. Dempsey Handy and wife, Malinda Handy

J. B. Russell and wife, Margret K. state that on 16 July, 1896, they purchased a tract of land from A. Dempsey Handy, of 62 acres. He traded Handy a tract of 42 1/2 acres for it. Russell deeded his land to Handy but Handy cannot give a clear title to Russell. The title was in the name of the infant children of James Willis Hinds who died in 18--, and the title has been in their name since the death of James Hinds, and tried to defraud him. The children are Noah Bain Hinds and Willie Myrtle Hinds. Handy gave a bond to Russell. Russell moved his family on the land, a distance of 7 miles at a cost of \$50. Russell wants a rescission of the contract. Only 28 acres of the tract has good title.

## Deposition of S. D. Hinds May 25, 1898

Age 73; I am acquainted with the land in controversy. I owned the land, in conjunction with my son, J. W. Hinds, who is now deceased. We were joint owners. S. H. Hardy made the deed. There were 40 acres J. W. didn't sell it in his lifetime. He died on the land. He left two children. One was not born at the time, but was born shortly after his death. I made a deed to A. D. Handy and Hamilton's wife for 20 acres. My son was dead when I made the deed to Handy. I told Handy I couldn't make a deed to it.

G.P. Handy vs. Nettie May Handy

Green P. Handy states that he and Nettie May married in 1891 in this state and separated in December, 1898. She left him in company with another man for the purpose of living in adultery with him. She lives in another state, but he doesn't know which one. He wants a divorce.

Green P. Handy states that since the institution of this suit, Nettie has returned to Kentucky and resides in Green County.

Depo. of W. D. Wright (13 March, 1899)

Age 22; lives Green County; farmer; I know both parties in suit and have for 4 years. I lived 3 miles from them. Green lives in Green County. Many of the neighbors have spoken about Nettie. Her reputation for virtue is bad. She left Green County with another man.

Depo. of A. E. Hawkins (13 March, 1899)

Age 22; lives Green County; farmer; I've known both parties for 7 or 8 years. I've lived a mile part of the time, and two miles part of the time from them. Nettie's chasity is pretty bad. Daniel Wright once ask me to go to the house of Green Handy and show me what he could do with Nettie May, Green's wife. I went with him, but remained out a little distance. He went to the door and she came out and they kissed and hugged for awile on the porch. Then they went into the house and was gone for 15 or 20 minutes and came out again and kissed some more and then he came on to where I was. She sat down straddle of him while on the porch while they were kissing. This was only a few months before she left her husband.

She left about the middle or last December. She went off with Billy Bishop (William). They stayed gone until two weeks ago. They returned to the neighborhood for a few days and left again.

In the Spring of 1937 George and his family moved to a farm four miles southeast of Waverly, IL. Carl, their oldest son, died of

a blood clot suddenly in 1938. In 1940 they rented a farm southwest of Modesto and farmed that land until 1949 when they purchased two farms southwest of Waverly, IL. Elsie, besides being a great mother, a good Christian woman, and a great cook was especially known for her cinnamon rolls by her children and grandchildren.

George died of pancreas cancer (was hospitalized for two weeks) at age 80. Elsie died suddenly of brain hemorrhage at her home in Waverly in 1978 at age 78.

**317.** HERBERT LEWIS<sup>9</sup> HANDY (EDWARD WASHINGTON<sup>8</sup>, HEZEKIAH CARL<sup>7</sup>, CALEB WASHINGTON<sup>6</sup>, JESSE<sup>5</sup>, WILLIAM<sup>4</sup>, SAMUEL<sup>3</sup>, WILLIAM<sup>2</sup>, SAMUEL<sup>1</sup>) was born 27 Jul 1893 in Green County, Greensburg, KY, and died 23 Dec 1995 in Green County, Greensburg, KY<sup>763</sup>. He married SALLIE EDNA HAYES<sup>764</sup> 30 Dec 1921 in Green County, KY<sup>765</sup>, daughter of CHARLES HAYES and BELLE CLARK. She was born 18 Aug 1902, and died 30 May 1971 in Jefferson County, KY<sup>766</sup>.

## Notes for HERBERT LEWIS HANDY:

Herbert grew up near the town of Greensburg, KY with eight other living brothers and sisters. (Note: Three others died in infancy.) He worked the family's 110 acre farm, but after a short time for service to his country in WWI, he returned to Greensburg, KY. There he married Sally Edna Hayes on December 23, 1921 and purchased the family farm from his parents for \$350 in 1923. His parents moved to Illinois that same year. He and Sally had nine children between the years of 1922 and 1943 - all of who grew up on the farm and remain in Kentucky today (2006). The family, then with five children, weathered the Great Depression and built the "Stone" house in the early 1940's which increased the family farm holdings to 425 acres by 1950. They prospered into the 1960's with the idea of having each of the six sons stay in farming in the area.

His wife, Sally at age 69 died in 1971. Herbert, the last surviving sibling of Ed and Betty Handy, celebrated his centennial in 1993 with a family homecoming in Greensburg, KY. He was an avid hunter (fox hunting his favorite), a trader and a man not shy to profess his allegiance to Yellowstone 90 (a favorite Kentucky whiskey). Herbert attributed his longevity to good humor, common sense and letting "darn little" upset him, and perhaps his daily cigar. Herbert Lewis Handy died at the age of 102 on 23 Dec 1995, Green County, Kentucky. --Handy Cook Book

He was born 28 Oct 1898 in Adair County, Columbia, KY, and died 09 Oct 1987 in Jeffersonville, IN.

### Notes for MYRTLE ALMAR HANDY:

Myrtle Handy Karnes was the eighth child of Ed & Bettie Handy. Myrtle grew up on a tobacco farm in Green County Ky. and finished the eighth grade. Myrtle married Joe Edd Karnes and lived close to Myrtle's parents. Myrtle's parents had planned to move to Illinois, but put off the move until Geneva was born. However, they moved to Adair County, Kentucky. It was there Jo Marie, Imogene and Mary Louise were born.

Joe Edd worked for the Kentucky Highway Department until World War II; then moved to Indiana in 1941. There he worked for Jeff Boat Company, where they made Tank Landing ships (LST). The LST's were created during World War II to support amphibious operations by carrying significant quantities of vehicles, cargo, and landing troops directly onto an unimproved shore. More than a thousand of these ships were built in the United States. Myrtle worked at the New Albany Hospital.

Joe Edd died on October 9, 1987 and Myrtle died on August 28, 1994. She had been in a nursing home for eight years. She always said she wasn't going to get old and wrinkled, she was going to get fat and fill out her wrinkles--which she did. One day while visiting her at the nursing home, I said, "Mom, you have nice skin, it doesn't bruise". Her answer was: "Yes, but honey, it is beginning to wrinkle". This was at age 94. She was 96 when she died. She was a great mother! --Geneva Karnes Thompson - Aug 2006

### Notes for GENEVA KARNES:

Geneva Karnes Thompson, daughter of Joe Ed & Myrtle Handy Karnes, moved from Greensburg, KY to Indiana when she was eighteen and worked at a shirt factory during the day and went to school at night. During World War II she was an inspector for Olin Mathinson Company (where they made gun powder for the U.S. Army). When the War was over she attended a Business College and studied to become a Certified Public Accountant. While attending college she was offered a job with several doctors and continued working for them until 1964.

She married Paul V. Thompson on Feb. 15 1964 and lived in Jeffersonville, IN. Paul and Geneva have homes both in Jeffersonville, IN and in Harlingen, TX near South Padre Island. They have no children. When Geneva met Paul he had been divorced for eight years. Paul's only son, John Lee Thompson, has a Doctor's Degree in the Ministry and has a ministry in Terre Haute, IN. Paul has three grandchildren & ten great-grand children.

Paul attended Indiana State in Terre Haute, IN. He played football and played the violin in grade school thru high school. He also was a tenor and sang classical songs. His father, John L., was President of the Indiana State Bank where his two brothers worked. Paul was an outdoor person and didn't want banking. He owned a Marathon Service Station in Terre Haute, IN. He moved to Jeffersonville, IN and worked for Wayne Supply Co. delivering Caterpillar heavy equipment until he retired in 1985.

Geneva & Paul's neighbors in Texas are Richard and Betty Handy (cousins to Geneva). Both families purchased homes within one block of each other and were not known to either at the time.

### Notes for TEMPLE LUCILLE HANDY:

She moved with her parents to Missouri at five years of age, and spent her girlhood there. She then moved to Ogden, Utah, where two of her brothers, Miles and John lived to study at the Smithsonian Business College and held various secretarial positions there. She returned to Arapaho to see her mother and met Bus Pifer in her mother's cafe.."Trail of Tears. Arapaho, OK." 1892-1992 pg. 257 "I went to school at a county school name Keller, (in Novenger, Mo.) After graduation from the 8th grade, I went to high school at Novenger. I never finished high school. My parents separated and my mother, Kenneth and I went to Ogden, UT. I live with Miles. John also lived in Ogden. We lived with Miles, Loraine and their children; Fred, Doris, Byron and Betty.

I went to Smithsonian Business College in Ogden, UT. My mother came to OK to visit Maggie Phillips and Minnie Brown, also her sister (and my aunt) Belle Garner. She stayed and didn't go back to Utah. I came down to see her and I stayed in OK. also. I met Bus Pifer, and married him June 22, 1929. I was 19 and soon to be 20 in Sept. The main reason we didn't go back to Utah was because there were always relatives staying with or living with Miles and Loraine. Miles had a big heart and let anyone or all stay at their home with them. At that time, Loraine's mother, her brother, and four children were there. They adopted one of the girls, Virginia. He would have taken all four, but the others wanted to stay with their parents, which was poorer than poor.. Later, one of the other children wanted to live with them, but Jess's two children were living them: Alice Lavon and Jess. Jr., Also Loraine's mother and brother Tom. Also, they kept Loraine's brothers. Fred's children part time. Miles said Loraine's mother, Mrs. Fortune was the reason he left. He called her "Misfortune". I think would have left long before or rather run all of them off. I guess I shouldn't have gotten so mad at him for leaving Loraine, now that I can look back and wonder how he put up with it." Notes for DONALD EUGENE AUMILLER:

Never Married

Donald and his mother were at home when they heard a noise outside. Don went and got a Automatic German Luger pistol that his dad had brought home from World War II and put the loaded clip in.

Proceeding outside he fired the gun up into the air to scare whom ever was there away. When returning to the house he removed the clip from the pistol, not realizing that the automatic pistol had already put another shell into the chamber. He was also aware of the number one rule in gun safety by not pointing a gun at anyone. While pointing the gun around in the living room he squeezed the trigger and accidentally shot the piano. From that point on whenever he went into the Ice Cream shop he got quite a ribbing: They would ask him! Now how did you shoot the piano?

Donald Eugene Aumiller was born August 12, 1934 in Richmond, Missouri. The son of George and Lucy (Perry) Aumiller. Donald passed away March 4, 2001at St. Joseph Hospital in Kansas city, Missouri. Born September 12, 1893 Swanwick, Missouri

William Author Powell served his country in the Great War (World War II) in France. He belonged to the Signal Corp. 307 Field Signal Battalion, Company C, which was attached to the 82 Division. Part of his training was at Camp Dodge, Iowa, where he was photographed November 15, 1917. His job was acting as a linesman building and keeping telegraph wire communications open.

He enlisted as a Private First Class and was promoted to Corporal on November 15, 1918. He was cited for "Bravery in Action and Devotion to Duty" during the MEUSE-ARGONNE operations October 31, 1918. In particular, Corporal William A. Powell was cited for "conspicuous bravery near ST-JUVIN, France during October 1918. He fearlessly exposed himself both night and day, in repairing signal lines under heavy fire, with total disregard of his own personal safety, while attached to the 325th Infantry by Colonel WM Whiteman, 325th Infantry.

After the war, he utilized skills learned during army service by "wiring" many homes in Ray County for electricity during "rural electrification" effort sponsored by the Federal Government. He also farmed and worked part of the year as a coal miner. He and his sons Joseph, Daniel and Wayne worked in a coal mine near Knoxville.

Clergy; Rev. Donald R. Vetter Interment: Osceola Cemetery

Mother loved to dance and party; She was very good doing the Charleston Dance. On Saturday nights the merchants would pool together money and would have a dance and fiddling contest on the Osceola town square.

Allen Baldwin would fiddle and mother would dance. Most of the time they would win, and get \$5.00 each for their efforts.

In the meantime the kids would stand out front of Francis Appliance store window and watch the new fangled television shows.

Saturday afternoons Mom would give me a quarter to go to the movie theater. 10 cents to get into the movies, 10 cents for a drink, 5 cents for a candy bar. Never did figure out where she got the 25 cents, or why she did this every weekend; until I had kids of my own. {stories by Bob HANDY}

#### Notes for RICHARD HOWARD HANDY:

Richard Howard Handy, "Dick", grew up on farms east of Auburn and southeast of Waverly. He graduated from Waverly High School in 1941 and attended college at Western Illinois University, known then as Western College at Macomb, IL. Dick was an outstanding athlete at Waverly when, in one basketball game in 1941, he scored 39 points. He also played football at Western. He joined the US Navy in 1942 and served stateside in Georgia, Louisana and New York. While in the Navy he was sent to Macon University in Georgia and while there, he played varsity basketball for the university. Waverly, town of 900 residents, had 27 young men killed during World War II. Dick had, after being discharged from the US Navy, purchased a farm west of Modesto, IL; then farmed east of Waverly and then southeast of Virginia IL where he farmed for 28 years. His sons David and Steve took over the farm upon his retirement. His first wife, Katherine, died in 1982 and he remarried, in 1986, to Betty Simpson Schofield. Dick was active in the community sports programs where his three sons played in youth and high school sports. Dick and Betty enjoy their travels and own homes both in Virginia, IL and Harlingen, TX where they spend their winters.

She married LLOYD A. CROUCH 08 Feb 1947 in Sangamon County, Springfield, IL, son of COY CROUCH and HELEN ROBINSON. He was born Dec 1924.

## Notes for BEULAH FLORENCE HANDY:

Beulah grew up on farms near Auburn and Waverly, IL. She graduated from Waverly High School in 1943. She rented an apartment in Springfield, IL (\$40.00 / month) and went to work at Sangamon Electric which produced war materials for World War II. After the war she met and married Lloyd Crouch who was working at Pillsbury Mill in Springfield. They lived in Springfield and later started farming southwest of Waverly, then farmed west of Modesto, and later bought a farm northwest of Lowder, IL where they reside now (2006). Upon retirement they purchased a second home in Mesa, Arizona where they spend their winters. Beulah's autobiographical sketch follows.

I was born on the Ruthoski farm east of Auburn, IL. Interesting side note: Part of that farm is now a retirement center,

known as "Eastland." I started to school in Auburn where I continued until the 6th grade, at which time my parents had rented a farm southeast of Waverly. In fact, our farm was about a mile south of where our Uncle Will Handy and family lived.

I continued my grade school education in a one-room school house called "White Pilgrim." It was the same one that my uncle's children had attended. I have more memories of the life on the Auburn farm than at the Waverly farm. There were seven of us, so there was much work to be done. I guess I was the dutiful daughter--so mom told me. Sister, Mildred, being younger, was too small to be of much help at the time. I'm sure that she received her fair share of work as she got older.

While living at the Waverly Farm, my brother Carl died of a cerebral hemorrhage at the age of 19 in 1938. He had taken me to a movie in Waverly and, I later discovered, he had gone to the doctor with a terrible headache. He passed away at the doctor's office.

I remember when, my brother, Donnie was born. I thought of him as mine to care for at all times. Dad had milking cows and we delivered quarts of milk to homes in Auburn. This was during depression times and much of the time we did not receive payment. Everyone else was in the same boat. We never had much, but never felt deprived.

I started at, and graduated from, Waverly High school although my sophomore year was spent at Modesto. When I was a sophomore Dad had rented a farm southwest of Modesto where they were living. So that I could continue at Waverly High School, I talked my parents into allowing me to stay with friends in Waverly for my junior and senior years. (I will never know how I talked them into that.)

After graduation I left for Springfield to stay with Aunt Helen and Uncle Glen for a while. Uncle was responsible for my job at Sangamon Electric. I then rented an apartment in Springfield, IL (\$40.00 / month) and went to work at Sangamon Electric Corp. which produced war materials for World War II. After the war I met and married Lloyd Crouch who was working at Pillsbury Mill in Springfield. I remained there until my marriage to Lloyd Crouch on February 8, 1947. Not enough time, or weather didn't permit, a honey moon in February. Therefore, in July of 1947, we and our 1941 Chevrolet left for Colorado. Very few motels existed at that time, but we found some rooms to rent. While in Denver we met Robert Handy and his wife who was my grandpa's nephew.

After returning from our honey moon, Dad asked if we wanted to move on a farm where the present renters were leaving. So, we started our farming career in 1948 in an area southwest of Waverly which, at the time, was known as "Muddy". We enjoyed it there even though there were no modern facilities, i.e. bath room, running water (except what you ran after) dish washer, electric dryer, etc. While there, we raised chickens, sheep, hogs, cattle and corn and soybeans. While still at this farm, our first child, James Allen Crouch, was born on November 5, 1949.

Then in 1950, we were offered the "Rellings Farm" one mile west of Modesto, where we continued the same type of operation, and still without modern conveniences—and really didn't mind too much—until after our second son, Thomas Joseph, was born on November 18, 1951. The boys started Modesto grade school where they continued until we moved to a larger farm in January 1958. Before the move, a daughter, Carol Ann, was born on February 20, 1957 while still on the Modesto Farm. Carol spent her first birthday at this farm, east of Waverly. As of this writing (September 24, 2006), that is where we are still living. Even though we are retired, since the boys are farming and we are here every day, I continue cooking and the kitchen is always open if they choose to come in. We are happy to share with them.

For the last twenty years, we have truly enjoyed our winters at our second home in Arizona, where Lloyd's brother, Keith, resides and another brother, Marvin, also spends his winters. This year may be our last year—time to stay close to home now.

# Notes for Donald Gene Turner:

Mildred Turner – August 2006

Don and Mildred, after graduating from Modesto High School, both worked in Springfield. After working in Springfield at Allis Chalmers, they started farming with Jasper (Don's father) east of Modesto and rented a farm west of Palmyra for a few years. When Jasper retired from farming they moved back to Modesto. For several years they raised hogs until their farming operation grew to the point where they just had a grain operation. Don was a successful and respected farmer in the area. Their sons, Doug, Mark, and Brad are all successful farmers in the area. Don and Mildred developed a subdivision on the north side of Modesto called "Red Oaks Subdivision" where they built a new home in 1998. Don and a group of Go-Cart enthusiastics built a Go-Cart track near Lowder, IL. Don served on several Boards of Directors, including the Modesto City Council, and the Modesto Fire Department. He was a dealer for Pioneer Seeds. Don is an avid NASCAR fan and enjoys his snowmobile (with annual snowmobile trips to Wisconsin).

### Notes for DONALD GENE HANDY:

Donald G. Handy called "Donnie" by his close family members, was born during the "Great Depression" years when there was no television, no commercial airplanes, no computers, no indoor plumbing, no combines, no electric drills, as did others in his generation. He grew up on farms near Auburn, Modesto and Waverly, IL in the 1930's and 1940's.

Don went to a one-room rural school, "Landruth,"-- about one mile north of their farm--from grade one though six. Only a total of eight children were in the school. After the state passed a consolidation law, children were then bused to consolidated schools. Don remembers World War II and listening to the war news with his parents. He remembers newsman Walter Winchell's opening statement, "There's Bad News Tonight". Don hated the news. After his chores he would listen to radio shows such as the Green Hornet, Gene Autry and others. Twenty seven (27) boys from Waverly were killed during World War II. (900 population at the time) The day that his brother, Richard, was drafted, Don (age 6) and his Dad were at the livestock sales barn in Auburn, IL. When his Dad got word about Richard, he just left forgetting about Donnie. Luckily, someone took him to his grandparent's home.

Don graduated from Waverly High School (1954), BS from Western Illinois University (1961) and MS University of IL-Springfield (1972), and served in the US Army from 1957-1959. He taught school at Girard and Virden, IL (first teaching contract was \$4,350 in 1962). Don sold life insurance for Land of Lincoln Insurance Company from 1962 to 1967. He was employed by the State of Illinois, first with the Department of Agriculture, then with the Illinois Energy Commission (He was appointed as Director.) With the Illinois Energy Commission, he was responsible for various energy and conservation legislation, including one that promoted the development of Ethanol Alcohol Fuels Plants.

Don and Sue (his first wife) lived in Springfield, IL until her death in 1989. Don moved to St Louis in 1992, then to San Diego, CA in 1997. In the 1980's and 90's he taught Environmental OSHA and EPA courses and has published 17 OSHA and EPA training manuals. Don married Carolyn Sue Powell in 1961. Two children, Jon and Greg were born in 1964 and 1967. Sue taught school in Girard and Springfield Schools and died of ovarian cancer in Jan 1989. In August of 2001 Don married Margaret Seibert Hollis and the couple reside on a farm southwest of DuQuoin, IL. Don was active in the Springfield community in Kiwanis Club and youth sports. He served as President of the Springfield Soccer Booster Club which raised over \$100,000 to build the Kiwanis Soccer Stadium at the University of IL (Spfld. campus). Don and his wife, Margaret, own and operate Environmental Training Materials, which sells OSHA and EPA training books to schools and universities nationwide. They also have rental properties in Springfield, IL.

Don has always been an avid St. Louis Cardinals Baseball fan. His brother, Dick, took him to his first baseball game in 1947 and Don has been "hooked" on it ever since.

#### Notes for WILLIAM PAUL HANDY:

William Paul Handy, the second son of William B. and Mettye Handy, was born in Kentucky and the family moved to a farm at Loami, IL when he was small. William B. and Mettye later rented a farm South of Waverly, IL, where Paul took over farming when the family moved again and he married Florence Lea. Five of their children were born there - James, William, Donna, Robert and Cheryl. Jim and Bill helped their Dad with the farming when they were old enough and with the many livestock Paul had. There were also hired men who helped throughout the years, one of whom (Slim) worked for Paul for such a long time and he was like part of the family. Jim and Bill were active in 4-H and Paul took time out in the busy summers to take them and their sheep to the various county fairs for showing. Florence Lea not only stayed busy with the housework, cooking three full meals a day and tending to the children and her garden, she also found time to be a Girl Scout Leader and helped Paul on the farm when needed.

In the Spring of 1959 Paul and family moved and rented a farm southwest of Pleasant Plains, IL. They had two children while living there-- Gerald and Carla. Jim and Bill continued to help with the farming until they were married. In 1972 Paul retired from farming when the owner sold the farm and he moved the family to a home East of Ashland, IL. He later went to work for Brandt's Fertilizer in Ashland. Florence Lea died in 1974 and he continued to live there until his death in 1992. --Donna Handy Leverton - Sept 2006

#### Notes for GERALD PHILLIP HANDY:

I was born in Springfield, IL on March 25, 1959. After graduating from Ashland High School in 1977, I enlisted in the Army in 1980 and served as an Infantryman. I served in numerous places such as Fort Riley, KS; Germany, Fort Wainwright, AK; Fort Bliss, TX; 3RD US Infantry (The Old Guard), Arlington, VA; Second Infantry Division, Camp Stanley, Korea; 10th Mountain Division, Fort Drum, NY; Bosnia; and Fort Monroe, VA. After serving for 21 years and 7 months, I retired from the Army in March 2002 and moved to Sparta, Wisconsin where I am currently employed as a Civil Service worker for the government at Fort McCoy, Wisconsin.

I married Barbara Charette on December 15, 1986. Barbara had a career in Banking for 25 years and 10 years with the government as a Civil Service Worker and retired in 2002.

We do not have any children and enjoy gardening, landscaping, and remodeling our home. Barbara also enjoys crochet, knitting, cooking and NASCAR. She is a HUGE fan of Dale Ernhardt Jr (the # 8 Budweiser Chevrolet). She will NEVER miss NASCAR qualifing or a race and thinks the "off-season" is way too long!

I enjoy the outdoor activities such as fishing, hunting, snowmobiling, motorcycle riding, and of course "GREENBAY PACKER FOOTBALL."

A couple of fond memories of my childhood was my father teaching me how to plow a field of corn stalks with a moldboard plow when I was a youngster. After a couple rounds and teaching me how to turn around, he put me behind the wheel of the tractor while it was moving and then told me he was going to get off (while the tractor was moving). I asked him if he wanted me to stop and he said "No, keep going." I remember as he stepped off of the tractor, he went down and the outside dual tractor wheel ran over his foot. I thought that I had run over him, but after stopping, he got back on the tractor with me and we continued to plow corn until dark. He later went to the hospital, was diagnosed with a broken foot or ankle which they put a cast on and the next day he was back to work plowing, operating the clutch on the tractor with his left foot. (Wrong foot Dad!)

Another fond memory of my childhood was going pheasant hunting with my Dad. I recall him waking me up around 6:00 AM and telling me to get dressed and that he was leaving around 7:00 AM. He taught me never to walk with a gun without it being on safe, always treat the gun as if it were loaded, and never, never point it at anyone. As we walked what seemed like miles and miles through corn fields that had been shelled; fence rows that were overgrown with grass and weeds; and hedge rows where "there may be a pheasant or two in here" it amazed me to watch him shoot almost every rooster pheasant that was within gun range. Of course I didn't realize it at the time we were hunting, I was "the Birddog." He would always send me to retrieve the pheasant that he had shot. Dad was the very best hunter, husband, father, and grandfather, a kid could have and, to this day, I miss him dearly and think about him daily. He was a proud man! God rest his soul.

She married ROBERT DALE TREAT 20 Mar 1937 in Loami, IL Sangamon County, son of QUINCY TREAT and LONELY NEVIUS. He was born 30 Mar 1913 in Loami, IL Sangamon County, and died 02 Nov 1970 in Sangamon County, IL.

# Notes for HAZEL DELL HANDY:

Hazel was the third child, and the first daughter, of William B. and Mettye May Hancock Handy. Dale and Hazel were married at the home of the groom's parents, Mr. and Mrs. Q. R. Treat, who lived on a farm southeast of Loami, IL. After their marriage, they made their home on a farm about three miles south of Loami which was owned by Dale's mother; there they raised their four children: Sherry, Nancy, Barbara Jo and Danny. They lived there their entire married life.

Most of the time Dale farmed the 140 acre farm they lived on and also his mother's other farm southeast of Loami. They were very faithful members of the Christian Church in Loami. Hazel stayed at home and raised their four children and took care of the household. Like all other housewives at that time, life was not easy for her. There was no indoor plumbing, no running water, no air conditioning and no furnace. The house was heated by a fuel oil stove which sat in the living room. She did the washing in a ringer washing machine and hung the clothes on the clothesline outside. She made clothes for the three girls, Sherry, Nancy and ""Barbie Jo" and always saw that her children were dressed nice and always clean. They always had a large garden and she canned lots of fruits and vegetables for the winters ahead. They raised chickens and had fresh eggs and fresh chicken chickens for the table. Dale raised cattle and had a few hogs on the farm, so they always had beef and pork to eat. The kids all grew up there and had to go to school in Waverly after the county schools consolidated in 1949.

After Dale passed away at home in November 1970, Hazel stayed on the farm home for about 2 years and then moved to Auburn. She worked as a waitress for several years in different restaurants in Auburn before she retired. In 1992 she lost her

son, Danny, who was so precious to her. After that it seemed like her health began to fail. She passed away in 1999 at Lewis Memorial Christian Village in Springfield, IL.

They were never a wealthy family but they were very rich in so many ways.

# Notes for LOIS MILA HANDY:

I was born on the Joy farm south of Loami, IL and I am the only remaining child of William and Metty Handy. I attended White Pilgrim, a one room country school which was about a block from our house where we lived on a farm south of Waverly. Dad had a threshing machine ring during the summer. My sister, Frances, and I had a pony and a fancy black and red pony cart and we hauled water to the men in the field loading the hayracks. Many afternoons when I came home from school Mom would have on her sun-bonnet and be ready to go gather dandelions and dock greens for supper. She had me carry an ax so she could chop up some sassafras root which she would boil for sassafras tea. I really enjoyed my life on the farm and always thought I'd marry a farmer but that was not to be.

I graduated from Waverly High School in 1939 and enrolled in Hardin-Brown Business College in Jacksonville. I had various jobs, such as secretary to the President of New Method Book Bindery, secretary to the personnel director at NESCO, an ammunition plant that made shell casings for the military. I also was a receptionist at radio station WLDS in Jacksonville and sometimes played my guitar and sang with the "Prairie Pioneers", a country and western band. I married Edward L. Killam II. Our daughter, Suellen, was born in Jacksonville on October 3, 1943. When my husband, Ed, returned from the World War II he was assigned a territory in Minneapolis, Minnesota. Our son, Edward III, was born in Minneapolis, on December 5, 1945. We were there for three years and Ed decided to complete his college education having had one year at Illinois College in Jacksonville. We moved to Champaign, IL where he graduated from the University of Illinois. We moved back to Jacksonville and Ed was employed in Springfield at the Department of Public Aid. I was employed at the Jacksonville State Hospital as a Librarian and we both retired from these jobs.

After our retirement we moved to Palm Springs, California. We became very close friends with Sonny and Mary Bono. I became involved in Sonny's campaign for Mayor of Palm Springs. After four years as mayor, he ran for Congress and I was Volunteer Chairperson and had various other duties. He was elected to Congress in 1995 and I remained with him as his District Office Manager and receptionist. When he was killed in a skiing accident in 1998 his wife, Mary, was elected to fill his seat. I continued working for her in the same position I had with Sonny. My husband had passed away in 1993 so when I retired from Mary's office I moved back to Jacksonville. My daughter, Suellen, then died on October 28, 2002. I presently reside in Jacksonville, Illinois. I return to California during the winter where I live with my son, Edward, in Rancho Mirage. Lois Handy Killam - August 2006

Notes for Virginia Baker Handy: VIRGINIA BAKER HANDY

On December 30, 1921, Herbert Lewis Handy and Sally Edna Hayse were united in marriage. To that union Virginia Baker Handy, the first of nine children, was born.

I was born in the house that originally belonged to my Grandparents, Ed and Bettie Handy in Green County. At that time, they were moving to Ilinois, so my Mother and Father bought the house and farm from them. I have a lot of memories that go back to my childhood on that farm. I can remember standing on a stool helping my Mother with the ironing. Back then the irons were heavy cast iron, and you heated them on the wood cook stove. Also, I helped my Mother with my younger siblings—we could all be a hand full at times! The ones that were old enough to go to school walked to the one-room school in Haskinsville. The old house that I was born in was torn down and a new one built in 1941. That house is still standing and remains in the family. I now reside in Milltown, Kentucky, in Adair County. I have four living children and one deceased. I also have 11 grandchildren and 9 great grandchildren. Virginia Baker Handy Tutt

Notes for HOMER LEWIS HANDY:

Homer Lewis Handy, second oldest child of Herbert and Sally Handy, was born at the family home in Greensburg, Kentucky on June 27, 1924. Homer grew up with eight brothers and sisters and developed a strong work ethic from working on the farm at an early age. Homer and his brother Ed were responsible for taking care of the livestock and general chores around the farm. Homer noted that every morning he also helped milk the cows, hand churned the milk to separate it for milk and cream

Homer attended the Haskinsville grade school which was approximately 3 miles away from home. After completing grade

school, Homer began full time work on the family farm.

In March of 1943, Homer enlisted in the Army and was sent to Camp Atterbury for boot camp. After boot camp, he was shipped to Camp Polk in Louisiana as part of the 8th army division for basic training. Following training in Louisiana, Homer was sent to California and then on to New Guinea in the South Pacific. From New Guinea, Homer was sent to participate in the invasion of the Phillipine Islands and from there he was preparing to ship to Japan when news came that World War II was over. Homer returned back to the states and was discharged from the Army on January 15, 1946 at Fort Knox.

Upon returning to Greensburg, Homer and brother Ed purchased a farm adjoining the family farm. He married Willie Katherine Edwards on April 1, 1946 and Homer bought his brother's part of the farm and he and his new wife settled into their new home. Around 1949 he sold this farm to his father, Herbert and purchased a larger farm in Green County Kentucky. First son, Richard Lewis Handy was born January 5, 1951 at this farm. Homer continued farming until 1952 when he sold out and moved to Louisville, Kentucky and began working at General Electric, retiring after 30 years of service.

On April 6, 1954 Homer and Willie Kathryn had a daughter named Karla Jeane Handy and on April 25, 1956 they had a second son named David Edwards Handy. Both Homer and Willie Kathryn worked while raising their three children.

While their children were growing up Homer and his brother entered into several business opportunities which included purchasing a package liquor store, a used furniture business and a night club. After selling the package store and the night club, Homer began buying and selling real estate in Louisville, Kentucky. Around this time he also began purchasing farm land in Green County Kentucky where he and his wife would reside after he retired from General Electric. His wife Willie Kathryn Handy, a retired teacher, passed away on January 15, 1989 in Green County after a long and courageous battle with cancer.

Homer continued purchasing and selling farm land in Green County and currently owns 400 acres. Of this, 140 acres of prime river bottom land has been put in contract with the Nature Conservancy to plant 200,000 trees with a long term goal of enhancing the water quality of the Green River. Homer currently uses the remainder of the land for beef cattle. In addition, Homer has purchased numerous homes and rental property in Louisville and Shelbyville, Kentucky.

Homer has remained involved in the lives of his children and grand children and understands the value of family. Homer currently resides at this home in Greensburg Kentucky.

Notes for SHAWN M. HANDY:

Shawn Handy grew up in Louisville, KY, and had a successful roofing contracting business in Florida and on the east coast of North Carolina.

Shawn had done business in Jacksonville and all over Florida for several years and then recently came home to Louisville, KY, to open an office. In December of 2003 he was on his way to Miami and decided to stop in Jacksonville. Shawn was last seen on Christmas Eve at the South Street Restaurant with three friends. Friends say Handy went to the men's room and never returned. He left behind his phone, credit cards and keys to an \$80,000 2003 BMW car and an unpaid restaurant bill. When he disappeared his foreman said he was carrying several thousand dollars in cash.

Shawn's father, Harold, and his brother, Shayne, had flyers printed and canvassed the area for days.

Shawn's body was found in a retention pond some 300 yards from the restaurant. He was 41. The police have never found any evidence to explain the circumstances of his death but his family feel it was most certainly foul play.

He married REBA E. CHAPMAN 04 Aug 1962 in Jeffersonville, Indiana, daughter of CLAUDE CHAPMAN and ORA WALLEN. She was born 16 Sep 1939 in (At Home) Jamestown, KY.

Notes for Benny Holland Handy:

I was born at home in the original rock house on the 15th of October 1937, as were all my previous siblings. All of us were the children of Herbert and Sally Handy, raised on the family farm which had been in the family since the 1800's.

My grandfather and grandmother, Ed and Bettie, owned part, as did two of Daddy's brothers, our uncles George and Richard.

In 1923 my grandparents moved to Illinois and Daddy bought the farm from his parents and partial from George and Richard to make up what we now call the Home Place. After attending elementary school in a one room school house I went to high school in Greensburg. After graduation in 1957 from Greensburg High School, I enrolled at Lindsey Wilson College in business administration. After my studies I moved to Louisville in the early 1960's. Two years later, in 1962, I met and married my wife, Reba. We have two sons: Fred and Gregory.

I went to work for General Electric and in 1970 I took a leave of absence to work for Louisville Mayor Harvey Sloane. I was a neighborhood development liaison working on a revitalization project for the City of Louisville. Having bought, and living in an old part of the city, this was something I felt strongly about working on. In that period I began to be more of a neighborhood activist and preservationist, which lead to politics, and in 1977, I ran for "Alderman" on the Louisville City Council. In the late 1970's, I was elected to the Kentucky House of Representatives, serving 10 years in Frankfort, Kentucky.

After retiring from General Electric and the state in 1988 we purchased a farm in Greensburg on Russell Creek. In October of 1990 a nearby farm close to the Home Place came up for sale at auction, the Irvin Farm. I went to the sale out of curiosity knowing Daddy had always been interested in the farm too. As fate would have it we were the successful bidders that day and we purchased the Irvin place. Daddy was asked after the sale why did he want a farm at his age? He replied "Hell Fella, I'm gonna start a family."

After Daddy's death in 1995, we were able to buy the "Home Place" and have been restoring and reclaiming the land and house along with restoring the original Irvin Farm house and property. The Home Place operates as a working cattle farm today. We have partnered with the state of Kentucky Forestry and Wildlife Management Department to set up a reclamation project. Having ownership in terms of working the farm and knowing I was carrying out part of Daddy's philosophy as to preserving the wildlife and natural resources, it gives me great pride and pleasure to know that the Home Place is as it should be...

Notes for WILMA JEAN HANDY:

#### WILMA JEAN HANDY

After 22 years of marriage, the youngest of nine children, Wilma Jean Handy, was born on July 3, 1943 to Herbert and Sally Hayes Handy. By that time my parents were already settled in their new house that was built on the farm in Green County. Some of my memories on that farm are of horses. I can remember showing one of my Father's horses at the Green County Fair and winning first place. I also remember one time I was supposed to be exercising a horse, but I wanted to play, so I tied the horse to a glidder that was sitting in the yard. You can imagine the trouble I was in. After I married Bobby Landis in 1959, we moved to a small community called Fry, in Green County. Years later there was an opening for a school bus driver. I applied, and became the first woman school bus driver in our area. After my children were grown, I owned and operated my own clothing store in Greensburg for 16 years. I took care of my Father several years before he passed away peacefully in my home at the age of 102.5 on December 23, 1995. It's always hard to give up a loved one. Even though I knew I would miss my Father, it would be easier than the loss of my Mother. Not only was she a loving Mother, she was my best friend. I have three children and five grandchildren. I now reside in Greensburg with my husband, Bobby.

Lowell Thomas Handy

Auburn, Illinois

Tom grew up in Auburn, Illinois. He was an outstanding half back during his four years as a high school football player. Some sense of his gridiron accomplishments can be gleaned from the Illinois State High School Athletics records (http://www.ihsa.org/) where he is listed as holding the thirteenth all-time highest rushing average (yards per attempt). An association of the Handy name with Auburn football success began with him, and was carried on by brothers Charlie and Larry. After graduation Tom served in the U.S. Marines, began his career as a union brick mason (retired in 1997) and by 1963 he was the father of two sons, Tom and Jerry. He is an active member of the Auburn American Legion and VFW organizations, volunteering for fundraisers and as a driver for the Veterans Hospital. In 2006 he was honored to receive recognition as Auburn's Outstanding Citizen Award "for his many years of service to the community."

Springfield, Illinois

Football, baseball and saxophone were my passions at Auburn High School. In 1979 I was accepted by Illinois State University to become a music major. I didn't get a music degree but the experience remains with me as I continue to play saxophone with top Springfield musicians. One course at ISU, photography, changed my direction. A 1988 summer job as a photographer for the Illinois State Fair led to a position at the Southern Illinois University School of Medicine where my current job title is "digital imaging specialist". I prepare images for publication and web, design brochures and create web sites. I've been married to Jeanne since 1989 and we've done some wonderful things as a couple. We've scuba dived premier locations in Australia, Belize, Fiji and Bonaire and listened to jazz in the clubs of Amsterdam, Chicago and St. Louis. We've submitted articles to magazines together, work that has been published both locally and nationally - she writes and I photograph. We also watch a lot of football.

Notes for GERALD ALLAN HANDY:

Gerald Handy b July 28, 1963

Jerry's "handle" during the CB radio craze of the early 70's was the Kenworth Kid. He was in junior high and enjoyed spending time talking to the other CB enthusiasts, mainly truckers traveling the area in the big Kenworth semis. The television show "Movin On" based on the adventures of two semi driving partners, was his favorite. In high school he worked to buy his own transportation, starting with a pristine old Ford Falcon that he purchased from a really little old lady. When an accident left the rear end of the car looking like an accordion, Jerry painted "ouch" on it. Soon he was driving the nicest Pontiac Grand Prix in town. The Kenworth Kid is employed by Select Beverage in Springfield, Illinois as a semi driver.

Notes for Linda Lou Handy:

Divorced from Gus Kinslow

When I was a child we lived at the foot of Maxey's Knob in a 2 room cabin located between Monroe and Defriece. The same land that the Handy's settled on when they arrived in a covered wagon from Lonzia, Kansas. We lived on my grandfather's farm. My dad, Poley, took care of the farm. Our income was from the sale of tobacco, eggs, milk, cream and sometimes chickens.

We didn't have a car; our transportation was hooking the mules up to the wagon on Saturday with my grandparents and taking the eggs and cream to Defriece to sell. They would only buy the necessities, flour, meal and sugar. Sometime she bought fabric and thread to make their clothes. This was a great treat for us because we got a big orange drink.

I started sewing and making all of my clothes when I was 9 years old. We attended the one room school at Defriece for 3 years. In the cold winter my dad would walk us to school in the snow and ice to build the fire in the big old stove and bring the water bucket from my great grandmothers, Emma O'Bannon, who was my grandmother Sherman Handy's mother and lived next door in the big old house next to the one room school.

I graduated from Memorial School in 1958. and worked at the Cammer Deposit Bank for 40 years.

Notes for TUDE MITCHEL RAY:

Tude: "Tude always told his children that if they stayed home from school and worked for him on the farm, he'd see that every child would have a farm. He did that even buying at least one in Arkansas. Many of the children never did get to school. Many years later, oil & gas wells made him rich. Gus, his son, took care of him until he died. Some of Tude's children tried to declare him incompetent, because they were afraid Tude was going to leave Gus all the land and money. Sure enough, he did leave the land to Gus, and it split up the family, who wanted some of the money. The lawyers have a big part of the money. Some of the kids don't speak to the others." .... # Notes for BONNIE SULLIVAN:

I helped with the younger sisters, Rachel, Mildred, Wanna Lou and Wanda Lee. Our Mom had so much to do just to survive. We sold eggs and cream, going to town in a wagon with our neighbors.

When I as 18 years old, I married Edgar Ivo Sharp in 1932 at Warwick. Edgar was born October 10, 1914 at Warwick, the son of Edward and Lou Cresha (Perry) Sharp. We attended the Warwick Pentecostal Holiness Church. We farmed the Sharp place north of Warwick for a few years. Later, we moved east of Chandler, where we worked on a farm for ten cents an hour. We had it rough, but we got by. We moved to Missouri where Edgar worked as a stone mason. We had three children. We were divorced in 1949. Edgar died in 1976.

I was working at a clinic when I met Otis Cook. We were married in 1953. We moved to a small acreage and retired. We raised livestock and gardens for fresh food and canning. Otis died in 1979. I now live alone in a retirement center in Excelsior Springs, Missouri. My family lives nearby. I have many good memories of my life in Lincoln County.

My family:

James William (J.W.) Sharp was born December 22, 1934 at Chandler. He married Geraldine (Pettit) and they have four sons.

Kenneth Wayne Sharp was born April 2, 1936 at Chandler. He married Jewell (Greer), who died in 1983. They had one daughter.

Wanda Lou (Sharp) was born July 16, 1938 at Maple Park, Missouri. She married Chester Clemmens. They had three children.

J.W. and Kenny had their own brick construction company and Wanda worked in a cafeteria for 18 years.

Empty Boat Spurs Search For 2 Persons. Believed Drowned in Lake at Warsaw; Will drag today.

A young Benton County couple has been reported missing and presumably drowned in the Lake Of The Ozarks near the Warsaw City Dock. They were reported missing by a brother of the young husband who noted their boat circling in the lake with neither in it. Believed missing is Carlos Wayne Powell, 24, and his wife Nadine, 21, who resided on Route 2, Lincoln, Missouri. Dan Powell, brother of the husband, was waiting on the swing bridge when he noted the motor boat going in circles in the lake with no one in it. He immediately summoned help and they went to the scene to try and stop the boat and look for the couple. The boat, it was reported, was equipped with a outboard motor and running at top speed. Other persons obtained boat and it was estimated more than twenty were on the lake trying to apprehend the fast, running, circling boat. It continued to circle in the lake all the way from near City Dock down the Larmine River, Lake of the Ozarks, for approximately two hours. It was finally stopped and towed to the bank after reaching Center Bridge. Efforts to drag the river Saturday night were decided against, because of the high current waters until early Sunday morning, (Easter) at day break. In the meantime "spotters" are on the lake in boats watching in case one or both bodies surface and could be reached.

Sheriff Bob White, Benton County, and Trooper Glenn Means of the State Highway Patrol, are investigating.

The Sedalia Democrat Sedalia, Tuesday, April 22, 1957

Hunt goes on for missing Lincoln pair. Husband and wife believed drowned in Lake Of The Ozarks.

A search continues for a young Benton County couple missing in the Lake Of The Ozarks since Saturday evening. The parents of two small children, Carlos Wayne Powell, 24, and Nadine Powell, 21, were reported missing when their empty motor boat was found swirling in the lake Saturday evening.

Sheriff Bob White, assisted by many Warsaw residents, weekend fisherman and women have been dragging the lake in the area from Hy 65 Bridge back up to past the swinging bridge near the city docks.

"We are at a lost as to where to actually drag," Sheriff White said, "because we don't know exactly where or even the area in which they might have been thrown into the lake".

It is presumed the couple drowned. No eyewitnesses have been found who saw them in the boat...(several words are missing on microfilm here).. thing definitely known is they were supposed to have entered the boat and started down the lake.

Dan Powell, brother of Carlos, was standing on one of the swinging bridges watching for his brother and wife to come down the lake. The first he saw was the boat spinning in circles and no one in it. He rushed for help and an alarm was quickly spread over Warsaw.

Weekend fishermen, sportsmen, an others got in boats and started trying to catch the boat. It had a 30-horsepower outboard motor on it, and the motor was running wide open. Efforts to sink the boat were made and several tried to catch it. At one time the boat leaped in the air and struck an aluminum boat and knocked a hole in it, but the operator was able to get it back to the landing.

The boat continued circling for more than two hours and finally ran out of gasoline when it was between the Highway 65 bridge and center bridge.

Many fishermen who had been dragging for spoonbill, catfish, were asked to drag and continue their fishing in the area in hopes they might find the bodies.

Sheriff White, Trooper Glenn Means of the Highway Patrol, had several crews in the lake early Sunday morning using four sets of drags. Two sets were lost. Monday more dragging operations were being held but as yet without results.

According to Sheriff White, the boats was overpowered. He theorized that when the motor was started, it was wide open and the boat lurched forward in the water, possibly throwing Mrs. Powell in the lake. She was said to be a non-swimmer, and her husband probably went into the water after her and they were pulled under.

The couple's two children, Harold, 4, and Linda, 3, are staying at the home of their father's parents, Mr. and Mrs. William Powell, near Polo.

The couple resided on Route 2, Lincoln.

Missing Couple Both Found Drowned in Lake

The body of Powell, 24, who with his wife, Nadine, had been missing since April 20, was found Friday morning at about 6:15 o'clock by Ed Zimmerman of Warsaw. The body was found hooked on Zimmerman's trot line on Cold Springs Beach across the lake from Warsaw.

Mrs. Powell's body was found about 1:30 P.M. a quarter mile from Warsaw around the Highway 35 [Highway 65] bridge, by John Bohannon, North Kansas City, who was fishing there.

Powell and his wife who resided on Route 2, Lincoln, were reported missing when Powell's brother, Dan, noticed the boat that they had been riding in was circling on the lake with no one in it. They presumably drowned in the Lake of the Ozarks...[some words missing] ... Warsaw city dock.

Notes for Nadine Vesta Deckard:

Notes for Nadine Vesta Deckard:

Wayne and Nadine Powell were drowned in the Lake of the Ozarks near Warsaw, Benton County, Missouri, on April 20, 1957. Their official residence was Rural Route 2, Lincoln, Missouri. They are buried at Mt. Pleasant Cemetery about 3 1/2 miles southeast of Lincoln. They had two children.

Nadine Vesta Deckard

Nadine was born at General Hospital, Kansas City, Jackson County, Missouri, on January 4, 1935. Her father worked at Black's (later known as Sheffield Steel) and Nadine's birth certificate lists his occupation at the time as a "Tank Builder" and her mother's occupation as a "housewife." The family residence was located at 925 Cambridge St. in the old Sheffield District.

Though born in Kansas City, Nadine lived much of her early childhood in rural Benton County, Missouri, then her remaining adolescent years back in Kansas City, Missouri. She and her family moved to Benton County sometime after the outbreak of World War II. She and her family moved back to Kansas City in the latter part of the 1940's.

Benton County

Benton County in the 1940's was one Missouri's most sparsely settled counties. Its Eastern and southern townships were nestled in the Ozark hills and were rich in wild life and covered with deciduous forests. The woods were filled with oak, walnut, dogwood, hickory, cedar, cotton wood, butternut, ash, maple, elm and a variety of other indigenous species. The eastern and northern townships were referred by the locals as the "prairie." It is believed that the Osage Indians may have hunted buffalo which occasionally ranged as far east as the western and northern parts of Benton County.

Nadine and her family first lived on a farm northeast of Lincoln near the headwaters of Cole Camp Creek. Her little brother, John Elvis Deckard, was born at the family home and was delivered by the family doctor which charged a fee of \$25.00. The family home did not have running water or electricity. Their first refrigerator used ammonia and a kerosene flame to heat and compress the gas which in turn cooled the contents. Later, they moved southeast of Lincoln near what is now Route B between

Lincoln and Warsaw. The county roads in those days (even today) were either dirt or covered with creel gravel dredged from local streams. Frequently travelers had to cross those same Ozark streams at fords, or low-water crossings.

The culture of Benton County was almost as diverse as its terrain. There were three "large" towns plus a number of smaller settlements. The three largest towns in the county were Warsaw, which is the county seat, Lincoln and Cole Camp, which was originally a German settlement similar to Herman, Westphalia and other German settlements in Missouri.

After moving to Route B, Nadine attended Feaster School, a one room school house, which was located downstream from the same Cole Camp Creek which by now was larger and deeper as it meandered its way through the Ozark hills. During spring flooding, the backwaters of Cole Camp Creek would actually surround the school and students would fish from the front steps. She was always very afraid of water and never learned to swim.

#### Notes for IRENE IRIS CAMPBELL:

In the early time of our marriage we had geese which were bad at trying to flock and bite you.

Delmar was in the out house on a cold day. I don't know exactly what made me do it, but I took a stick with a clump of ice on the end and gently touched Delmar on the behind while he was sitting there. You never saw an outhouse rock like that one did, he thought the geese had gotten him.

### Notes for Perry Dean Handy:

Perry (Jack) Handy and Jeanie (Pete) Handy were farmed out during the summer to Big Jake O'Banion Farm. Jake had two mules which he named after them-Pete and Jack. Jack is a Painting contractor and the summer of 1953 he came back to Osceola to see Mom. While he was there, I remember he took me out to the Blue Moon Bar where we hauled their beer bottles and cans off to the trash heap. We earned \$60.00 which was enough to buy me a power lawn mower. I Remember mowing several people's lawns for \$2.00 each, and that mother would almost beg me to mow hers. Jack was a skate boy at the Vista Roller Rink, which he would take me there to skate. Eventually I got a job as a skate boy. One time an extremely fat girl asked me to skate, and I refused, calling her fat!. My brother pulled me by the ears outside and whipped some sense into my head. I never again refused to skate with someone when they asked me. {Stories by Bob Handy}

Grandma Rachel Terry O'Banion and I went hunting together on Uncle Charley Doll's farm. Charley loaned me a 410/22 over-under single shot rifle and some 22 bullets to go rabbit hunting with. Charley said "If you can't shoot them with a 22 they are not worth shooting." It was cold and there was about 6" of snow on the ground. Grandma picked up a stick and said "this is my gun." Watching her walk through the snow and following the rabbit tracks into clumps of grass, she would say there is probably a rabbit in that clump. I will club the clump of grass and if a rabbit runs out you shoot it. By the end of the hunting trip grandma

had eight rabbits and I only had three.

Grandpa Hoppell, Grandma's second husband, would get up at 4:30 every morning and go fishing until 9:00 A.M. He would then come home with the fish he had caught. If the ice cooler where they kept the fish got too low, Grandma would go down to the river with Hoppell and tickle the fish (catch them with her hands) and throw them up on the bank. This would infuriate Grandpa, but she always keep the cooler to a certain level and let Grandpa catch the rest.

Grandma taught the basics of hunting, trapping and how to follow the signs of different animals. That started George Pyeatt and me running our traps. Walking about 5 miles every day during the winter after school was out. One time we had a skunk in the trap. Needless to say we were dimissed from school for three days. We went out again hoping we would get another skunk.

During the summer, since we lived on the edge of town, mother would farm us out to our uncles who lived on a farm. One summer when staying with uncle Jake O'Banion: Jake would git up at 4:00 A.M. and make hot chocolate real hot. It was so hot! That I would run outside and take a leak and it was still steaming!! To this day, I still get up around 4:00 A.M. Now that we live in the city, I go back to bed.

Uncle Jake had three dogs that slept at the foot of his bed. If it got cold he would call one, two or three dogs to get on the foot of the bed. I knew what a three-dog night was before the song came out.

Its funny that old habits stick with you. But while raising our kids we would go camping and the early morning was my time to go fishing, and then we would go out and do what everybody else wanted to do.

Probably the silliest thing that I ever did was while we were on the farm south of Barnsville, Missouri. Brenda and I would get up at 4:00 A.M. and milk the cows. We could go for days not having much to clean up except the milking equipment. The cows were so well trained that they would do everything outside, unless some stranger would come in the milk barn!! We had 18 sows but none of them were farrowing at the time. I had enclosed an area outside the barn with an electric fence. Two wires at different heights to keep the pigs in while farrowing. Needless to say I had to go outside to take a leak. Stupid me I thought the electric fence was off.

I was yelling and screaming, but Brenda could not hear me from inside the barn. The first wire got me good and by the time it touched the second wire I felt no pain. When I went back inside, Brenda only asked: Was there anything wrong?

Notes for Sharon June Handy:

BIOGRAPHY for Sharon Tallman, August 26, 2006:

My parents, Georgia Lucille Cooley Handy and Vincin Albert Handy, had 3 daughters when they moved to California from Missouri in 1946. In a completely unexpected turn of events, they discovered that they were having a baby in 1950, and I was born in July. At that time, my 3 sisters (Marian Rosalee 22, Beverly Joann 21, and Dixie Lee 16) were grown and two of them had husbands and children of their own. This gave me the unique opportunity to grow up with nieces and nephews who were my age. It also meant that I had 3 extra "mothers"! My sisters often tell me I was spoiled rotten as a child, but I always felt very special and very loved, so they must have done a good job of mothering me!

I lived most of my childhood and growing up years in Santa Fe Springs, California, which is about 30 miles east of Los Angeles. I graduated with honors from Santa Fe High School in 1968. I attended Long Beach State in Long Beach, California until January 1970.

In June 1970, I married my high school sweetheart at the Los Angeles temple of the Church of Jesus Christ of Latter-day Saints. The Vietnam War was raging, and four months after we were married, my husband joined the Air Force. After his basic training, he was stationed at Goodfellow Air Force Base in San Angelo, Texas, where we lived for just 1 month in February 1971. His next assignment was to Misawa, Japan, and I joined him there in April 1971. During the 3 years we lived in Japan, two baby boys were born to us, Christopher Michael Long in 1972, and Jeremy David Long in 1974. At the time we returned home to the United States in August 1974, Chris was 2 and Jeremy was 4 months old.

Returning home was a joy to be with family again, but adjusting to life outside of the military was a struggle. The next several years were filled with financial challenges and emotional turmoil. I have heard many say that they wish they could relive their lives over again... but not me! Some of the toughest years of my life were from age 24 to 35. My marriage ended, and another one began and ended as well during that time. I learned invaluable lessons, but I am glad to have those years and the sad times associated with them behind me.

In 1986, I was a single mom working as a computer programmer for Teledyne Cast Products in Pomona, California. One of the

engineers working there, Don Tallman, asked me to lunch one day in March. Eight months later, we were wed! This fine man took Chris and Jeremy and raised them as if they were his own sons. Eleven months after our marriage, a sweet little baby boy was born to us, and we named him Matthew Vincent Tallman. We have been married 20 years this year (2006), and the happy years have just flown by!

These days, I work full time at home as a medical transcriptionist. However, if life could be spent just doing what we want to do, I would spend all my time researching family history. I have always been interested in my family roots, and can remember even as a child how interested I was in hearing my mother and grandmother (Elsie Waterman Fohn LaNear) and aunts talk about our ancestors. I worked for a few years as the director of our local Family History Center at the Church of Jesus Christ of Latterday Saints in Tupelo, Mississippi, and I enjoyed helping others find their family roots, too. Someday when I have no other "life pressures," I plan to renew my search to find my illusive ancestors!

He married DONNA M. FLOWERS. She died Apr 1971 in Spfld, Sangamon County, IL.

Notes for RUSSELL HERMAN HANDY: RUSSELL (RUSS) HANDY

I was born in Greensburg, Ky, the oldest of Dennis and Ruby Handy's seven kids. They moved to Auburn, IL when I was less than a year old. Dad worked on a farm for \$30.00 a month. Then he hauled coal to homes. They rented a farm east of Thayer, and later rented a farm west of Virden. We were there about fifteen years. I went to military service in July 1952; came back in July 1954. Dad had moved to Bingham, west of Ramsey. I got married and farmed with Dad for one year. Then I bought a small grocery store in Palmyra (with my Uncle Dick Handy's help). I love the guy, like a father. I will always be so grateful for his help. I had the store for about a year; sold it and moved to Sullivan, Missouri. There I worked for Top Value Trading Stamps, as a "so-called" account executive. Was there for about a year and then moved to Pana, IL. My wife did not like Sullivan, Missouri. I peddled Tom's Peanuts for about a year. After that, I pulled mobile homes all over the country--did that for two years. I remember making the last payment on the truck and quit. Then I hauled chickens for Schaper Poultry and had a wholesale produce route. Following that I bid on a mail contract from Pana to Mattoon, Il. I got it in June 1961. Five years later I got five contracts out of Springfield and moved to Chatham in 1966 where we had about nine or ten mail contracts. In April 1971, I lost my best friend and wife. I then married a neighbor and moved to Sherman, IL. Was there about two years and then moved to Springfield. About three years later, we divorced and I moved back to Sherman, IL. In 1981, I dropped my mail contracts and moved back to Springfield, started renting cars and had a muffler and car repair shop. I sold that in 1994 and started a surplus business three years later-- sold that and started a wholesale business which I still do part time. My life has had a lot of heartaches and disappointments, but it has been a good life.

He was born 08 Aug 1945 in Pike County, Pittsfield, Illinois, and died 17 Apr 1991 in Sangamon County, Springfield, Illinois.

Notes for JANET KAY HANDY:

When I was born we lived on a farm outside Modesto. We moved to Virginia, Illinois in 1958 after living on a farm outside Waverly for five years. I spent a lot of time at Grandma & Grandpa Handy's and those times were among my favorite childhood memories.

When I was 16, during my summer vacation from school, I enrolled in beauty school. After two summers and all my school holidays I graduated. In January of my senior year of high school I started working as a licensed beautician after school and on weekends.

I married Gary Martin and we have two daughters, Denise and DeAnn. Gary died of cancer in 1991. I still live in Virginia. In 1972 Gary's grandparents were going to celebrate their 70th wedding anniversary. Grandpa Martin loved telling stores about growing up and his family. To honor him and their anniversary I researched and printed a book of family history. This launched my interest in genealogy and I next started researching the Handy family history.

In 1986 the city of Virginia was to celebrate its 150th anniversary. I spent a year reading newspaper microfilm, taping interviews with its oldest citizens and gathering material. We composed a 400 page hard cover book, sold it and were able to return about \$10,000 in profit back to the community. I was surprised and honored when the committee dedicated the book to me as "the driving force" behind the project. The book was honored by the State of Illinois as "outstanding in the preservation of local history."

Following the book I became a reporter and photographer for the local newspaper and was later named editor. After six years as editor of the Virginia Gazette, I went to work as store manager for brother Jack's Baskin Robbins ice cream store in Springfield.

He married LYNN ADELE BEUOY 02 Aug 1975 in Fulton County, Canton, Illinois (Methodist church). She was born 17 Apr 1954 in Evanston, Illinois.

Notes for JACK EDWARD HANDY: Jack Edward Handy

I was born in Jacksonville, IL on September 5, 1952. I was the third of four children (and the second son) of Richard and Kay Handy. We lived on a farm in Waverly, IL at the time of my birth, but we moved to a farm in Virginia, IL when I was in the first grade. I attended Virginia schools through my high school graduation (Class of 1970). In junior high and high school, I was active in baseball, basketball, track and football. After I graduated from high school, I attended Lincoln Land Community College in Springfield for one year prior to transferring to Western Illinois University in Macomb. I obtained my Bachelor's Degree in February 1975. (WIU was on the quarter system at the time.)

On August 2, 1975, I married Lynn Beuoy, whose father came to be the pastor at the Virginia United Methodist Church in 1968. Lynn also graduated from Western Illinois University prior to attending graduate school at the University of Chicago. My first job after graduating from WIU was driving instructor at Sears Driving School in Springfield, IL. In the fall of 1977, I became a teacher in the Illiopolis, IL school system, where I stayed until 1985. I taught a self-contained junior high class, and coached high school boys basketball and track. In addition, I was the district's athletic director and also taught driver's education after school and on weekends. For the first four years, I was the assistant boys' basketball coach and then was the head coach for my last three years. The long hours required for teaching and coaching caused me to leave the teaching profession in 1985. Lynn and I had two pre-school children and we were mostly dissatisfied with childcare options that we were using. For that reason, and combined with Lynn's increasing responsibilities with her State of Illinois job, I made the decision to become a stay-at-home dad until our children started school.

In 1989, I began working at the Illinois Department of Commerce and Community Affairs. I worked in the Job Training Division until December 31st, 2002. At that time, the State offered early retirement incentives for all of its workers who qualified. I was able to combine my teaching years with my State of Illinois years to enhance my retirement payout. Lynn and I both retired at that time.

In retirement, I spend some time doing consulting with local agencies around the state that are involved in job training for dislocated and economically disadvantaged workers. These were agencies that I had worked with as a state employee. I also spend some time working in our Baskin-Robbins ice cream store, which we bought in 1993. My sister manages the store for me. My two daughters grew up working at the store. Both daughters have their college degrees now. I have also been able to follow the University of Illinois basketball team very closely. Lynn's father and I were two of the fifteen fans that were allowed to accompany the team on its 13 day tour of Sweden, Finland, and Estonia in August 2003. This was the team that went to the Final Four in 2005. It was great getting to know Bruce Weber and the players on the team. I have also followed the Illini for tournaments in Hawaii, Las Vegas, and South Padre Island.

### Notes for LYNN ADELE BEUOY:

I was born April 17, 1954 in Evanston, Illinois, to Marie Louise Horvath Beuoy and Herbert John Beuoy. I have three sisters - Carol Marie Beuoy Sampson, born November 2, 1951; Adrienne K Beuoy Edlen, born October 10, 1955, and Christine Ann Beuoy, born September 7, 1962.

After Evanston, my family lived briefly in Chicago, then moved to Moline, Illinois, where all four of my grandparents lived. We moved to Rock Island, Illinois, where I attended kindergarten and first grade. Then, in 1960, my father entered the ministry, and our familiy moved to Illinois City, in Rock Island County. My father attended Garrett Seminary during the week, and served two tiny rural Methodist churches on weekends.

Later we moved to Galesburg, and when I was 14, to Virginia, Illinois where I attended high school, and met my future husband, Jack Handy. I went to Western Illinois University, and graduated with a degree in sociology. In 1975, Jack and I were married and then moved to Springfield, where we have stayed for our entire married lives.

From 1975 through 2002, I worked for the State of Illinois, in the Departments of Public Health, Aging, Mental Health and Developmental Disabilities, Human Services, and Public Aid, as well as the Bureau of the Budget. I attended Sangamon State University (now University of Illinois at Springfield) part-time and earned a master's degree in sociology in 1981. My last four years before retiring in December, 2002, I was the Deputy Director at Public Aid.

Jack and I have two daughters, Jessica Marie, born May 1, 1982, and Kathryn (Kate) Theresa, born September 8, 1983. Kate was named after Jack's mother, Kathryn (Kay) Handy, who died in December, 1982. We intended to spell Kathryn the same way Kay spelled it, but have since learned that there is some debate about the proper spelling.

Since retirement, I have spent most of my time volunteering, primarily at the elementary school that our daughters attended, and our granddaughter currently attends. I also volunteer at Sojourn, a domestic violence shelter.

Some of my favorite things are being with my family; Yellowstone Park; creating and solving word and logic puzzles; The Daily Show with John Stewart; jazz, classical, and Christmas music; Donald Westlake novels (only the funny ones); watching Illini basketball; Dr. Seuss; chocolate; and Free Cell. (Those last two also qualify as my worst addictions.) ---Lynn Beuoy Handy - Sept 2006

He married (2) KATHY EILEEN LEWIS 11 Aug 1984 in Morgan County, Jacksonville, Illinois (Methodist Church).

### Notes for STEVEN ROSS HANDY:

I was born at Passavant Hospital in Jacksonville Illinois on September 15, 1957 to Richard and Katherine Manley Handy. We lived between the towns of Waverly and Auburn, ½ mile west of the Loami blacktop on state highway 104. We lived there until March of 1959 and moved to Virginia, Illinois about three miles southeast of town at the corner of Conover and Jockish Roads, and lived there for the next 40 years until moving to Springfield Illinois in 1999. I played baseball, basketball, football and track in high school. My most remembered sporting event was striking out 17 out of 18 batters with the catcher throwing out a runner stealing 2nd base while pitching in Little League Baseball when I was 11 years old.

I farmed with my brother Dave from 1975 until 2001 and at one point we farmed nearly 5000 acres of corn and soybeans. After selling my interest in farming to my brother, Dave, I went back to school and received a Microsoft Systems Certification in Network Administration and started working for Hanson Information Systems in August of 2002, and in 2006 became the Director of Operations for Hanson Information Systems Inc. I met my wife Kathy in 1981 and was married on August 11, 1984 in Jacksonville Illinois at the Brooklyn United Methodist Church.

Kathy was born on July 12, 1955 in Jacksonville Illinois to Robert Lewis and Doris Liter Lewis. Her parents are divorced and her mother moved to Tucson, Arizona around 1975 and has been there since. Kathy's father Bob worked for Mobil Chemical for 30 plus years and has been an avid St. Louis Cardinals baseball fan for many years. In fact when he was younger he played softball in Jacksonville for a team called the Red Legs and a good friend of his was Ed Killam whose wife is Lois Handy Killam.

Kathy's most famous moment was in August of 1969 when Kathy and her father were flying out of St. Louis to Los Angeles to see her older sister. They were hijacked over Wichita, Kansas and were flown to Havana, Cuba. All ended well and they made it to LA 24 hours later with a lot of memories. Kathy has taught elementary school in the Springfield Illinois school district since 1992.

Grant Handy is our only child and was born on November 21, 1994. He is active in Sports including football, basketball and swimming. He is also active in Boy Scouts of America and Youth Group in the First United Methodist Church in Springfield. ## Notes for GAIL LYNN HANDY:

I am the oldest daughter of Kenneth and Dorothy Handy. I grew up and lived on a farm in Waverly, Illinois most of my life. I attended Waverly Grade School and Waverly High School. I graduated in 1970 from Waverly High School in Waverly, Illinois. During my school years I was involved with 4-H and I also played the saxophone in the band. In high school my field of study was mainly business. I wanted to get a job and get married and have a family.

Immediately after high school I went to work for the Federal Government in Springfield, Illinois. I worked for U.S. Department of Housing and Urban Development, Federal Housing Administration from 1970 to 1978 and then for U.S. Department of Agriculture, Federal Crop Insurance Corporation from 1978 to 1985. Presently I am employed as a Secretary for Carlinville Primary School since 1985.

I married my first husband in 1971 and we had two daughters. I lived in Waverly with my family until 1983. The marriage didn't work out and we were divorced in 1982. I was introduced to my second husband by a neighbor friend in 1982. Dan and I married in 1983 and I moved to Carlinville where his family was from. Dan and I have a daughter together. We spend a lot of our free time going to Illinois College in Jacksonville to visit our youngest daughter who is presently a junior and very involved with her college activities. I enjoy spending time with my family and being a grandma. I also like to work on counted cross stitch, flowering and read in my spare time. I am a member of the United Methodist Church.

I am presently trying to do my best to live life to the fullest and not put off things until tomorrow because none of us know if there will be a tomorrow. My dad's present illness, Altzheimers, has really made me think more about my life. ---Gail Lynn Duckels – October 2006

## Notes for BARBARA JO TREAT:

I graduated in May of 1963 from Waverly High School, Waverly, Illinois. I met and married Michael Sheldon Woods on 19 Oct 1963. Mike lived and was raised in Waverly and graduated from Waverly High School. I started working at Horace Mann Insurance Company in Springfield, IL in 1963 and stayed there for 10 years. Mike had gone to school in Kansas City, MO and graduated to work on the bodies of cars and paint them. He went to work for the Chevy garage in Waverly. We lived in Loami, our first home.

Later we moved to a little house north of Lowder and our first child, Michelle Lynn Woods, was born 2 Nov 1967 in Springfield, IL. Mike later started working for Barker Lubin Lumber building windows and doors. They later closed the business and Mike and a good friend received an offer to run a Truss plant in Durango, Colorado. They built the building, placed the machinery, and hired the workers and so production began. So in June of 1984 we moved to Durango, CO and in March of 1985 I moved back to Illinois with half of our belongings. The truss business was bankrupted by the Board of Directors and Mike lost his job. He started working with my father building and remodeling homes.

In April of 1985 I went to work for Pillsbury Mills in Springfield, Ill. They closed in July of 1991. I worked for Cargill Co (who bought Pillsbury out) until September of 1994. After that I sold insurance, and held various jobs with the post office, Department of Transportation, Jack's Discount and cleaned houses.

Mike died of a heart attack on February 22, 2003. He is buried at the Waverly Cemetery. I got a job with the Secretary of State in January of 2004. Thank God for giving me such a great job with benefits. I currently live in Auburn, IL. My son, Jason, lives in Springfield and my daughter Michelle, lives in Waverly and is engaged to be married in 2007.

**645.** JOHN EDWARD<sup>11</sup> BRANAM (MARY LOUISE<sup>10</sup> KARNES, MYRTLE ALMAR<sup>9</sup> HANDY, EDWARD WASHINGTON<sup>8</sup>, HEZEKIAH CARL<sup>7</sup>, CALEB WASHINGTON<sup>6</sup>, JESSE<sup>5</sup>, WILLIAM<sup>4</sup>, SAMUEL<sup>3</sup>, WILLIAM<sup>2</sup>, SAMUEL<sup>1</sup>) was born 09 May 1954 in Clark County, Jeffersonville, Indiana. He married DIANE CAROLINE VANDECAR 19 Jun 1976 in Wayne County, Belleville, Michigan. She was born 16 Oct 1954.

Notes for JOHN EDWARD BRANAM:

Born in Jeffersonville, IN, in 1954, I am the first son of Phil Branam and Louise Karnes. Grandson of Joe Edd Karnes and Myrtle Almar Handy and great grandson of Edward Washington Handy and Elizabeth Bird Clark. My family moved to Michigan when I was twelve where my father went to work for and eventually retired from Ford Motor Company. After high school I attended Michigan State University, joined Delta Tau Delta fraternity and thoroughly enjoyed life in a large college town. In 1976 I took a short break from palpitating cows, bleeding pigs and the mundane life of stamping out disease and pestilence as a senior veterinary student to marry Diane VanDeCar, my high school sweet heart. Following graduation in 1977 as a newly minted Doctor of Veterinary Medicine, I moved to Rochester, MI to begin my practice and career. This is where our first son, John Andrew (Andy) was born. Two years later Diane and I packed our earthly possessions into the back of an old Mercury and small U-Haul trailer, headed west to California, like something out of The Grapes of Wrath, where I completed a Residency in Small Animal Medicine at the University of California-Davis.

Following the birth of our second son Brian Alan, and a number of years in practice I accepted the unlikely invitation to manage the California Veterinary Medical Association insurance program. Certainly a major departure from my previous career experiences but none the less challenging and enjoyable.

Both of our sons are now grown and living in Los Angeles. Andy is an attorney and married to his college sweetheart, Devon Collier. Devon works for a large Public Relations firm in Beverly Hills. Brian also lives in Los Angeles and works in the computer industry. One of their favorite pastimes is crashing Hollywood parties and other assorted LA media events – some with an invite and some without! Recent escapades include Andy dancing with Julia Roberts at a movie premier cast party (she thought he was in the movie) and Devon turning away Alex Rodriquez of NY Yankee fame from a party her firm hosted at the Miami home of Shaquille O'Neal (She didn't know who A-Rod was). Brian just goes along for the free food and beverages. However, this summer he did call me from one such event to let me know that "Sylvester Stallone is really short".

Meanwhile I enjoy open water swimming, fly fishing in the Sierra mountains, sampling the fruits of the California wine country and life with my four girls – Diane and our three dogs. Life is good!

Harold Wayne Powell and Phyllis Jean Winkler were united in Holy Matrimony at the Barnett Assembly of God Church located in Barnett, Morgan County, Missouri, on May 29, 1971. Reverend Donald E. Merritt, an Ordained Minister, officiated. Wirnesses were Jim Winkler (the bride's Brother) and Donna Vest (the bride's aunt). Marriage license was issued by the Recorder of Deeds in Clinton, Henry County, Missouri on May 25th, 1971. Required blood tests were taken King City, Missouri. Mr. & Mrs. Harold W. Powell took up residence in Slater, Missouri.

When it came time to pay the minister, Harold asked his wife to be what should I pay the minister and she said it didn't matter, the minister would give the money back. So Harold approached the minister at the time of payment and reached into his billfold and handed him \$75.00 and the minister took the money and said thank you.

He went back to tell his wife what he gave and that the minister kept all the money. And she said how much; and he said all. She said, "What is all?" Harold said: "All the money we had, \$75.00".

### Notes for KIMBERLY RAE HANDY:

Kimberly was my tom-boy. All of the girls, including Brenda, help me to cut a cord of wood which I traded for a 350 Honda Motorcycle. I bought four other Honda's 350 for \$100.00 and tore them apart to make 3 good motorcycles.

At first they rode the cycles around a certain path on the front ten acres where the house was. After a while Kimberly wanted to ride out on the gravel road in front of the farm with a neighbor from the north of us. Kimberly made several trips up and down the road but never tried the ninety degree turns at each end of the road. The neighbor boy came rushing back to the house yelling that Kimberly had turned over on the south corner. I jumped into the truck and went to get her hoping that she was alright. After seeing that she had no broken bones only bruised up some on her left side, we loaded the motorcycle into the truck and went back to the house. As I pulled gravel embedded in her leg out, I would dab the wound with Sea Breeze. Kimberly all the time was saying that I was mad at her for wrecking the motorcycle. Which I said several times that the motorcycle meant nothing that she had no broken bones and that the motorcycle could be replaced. Several days later I yelled at her for some reason that I don't remember why now.

Kimberly yelled back: See I knew you were mad at me for wrecking the motorcycle!!!

On April 26, 1974, I married Carl Campo at Blessed Sacrament Church in Springfield, IL. Carl (born August 1, 1950), graduated from Springfield High School in 1968. He attended the University of Missouri –Rolla and graduated with a BS in Mechanical Engineering in 1972. He also received an MS in Industrial Management from Northern Illinois University in May of 1993. Carl is a Project Engineer working for Hamilton Sundstrand in Rockford, Illinois. Carl's father is Peter Campo, born June 16, 1925, and his mother is Nancy Zito born January 10, 1931. Carl and I have been happily married for more than 32 years. We currently reside in Rockton, IL, where we have been since moving from Springfield in January of 1981.

On November 7, 1976 our first daughter, Natalie Marie, was born. Taking leave from the outside working world, I became a homemaker for the next 10 years. Our second daughter, Nicole Leigh, was born, October 1, 1978.

Returning to work when our daughters were in the third and fifth grades, I landed a position at Rockton Grade School where they both attended. I was employed at the grade school for 10 great years holding positions as a playground aide, office assistant, and pompon coach. When Natalie and Nikki went to college, I returned to retail sales full time. I held a position with the Lands' End Catalog store in Rockford, IL until 1997 when Lands' End closed the Rockford store. After that, I became a Customer Service Representative for Mid-American Growers (a wholesale greenhouse) in Peru, IL. The greenhouse job was great but, Marshall Field's (now Macy's) called me in June of 1999, and I am still there today, supervising a small guest services team.

Our daughters are both married now; no grandchildren yet. Natalie Campo, MD, is a doctor of psychiatry currently in her second year of residency at Yale University Hospital. Natalie and her husband (Peter Kleuser MD), graduated from University of Texas-Galveston Medical School in June of 2005. Natalie and Peter married on October 23, 2005, and now reside in Hamden, CT

Nikki and Brandon (Monk) were married on Oct 25, 2003. Nikki graduated from Harvard Business School (MBA) in June 2006. Nikki, currently living in Chicago, is employed by Bain Consulting. Nikki's husband, Brandon, is currently in Boston finishing his second year of business school and will graduate from MIT with an MBA in June 2007.

She married TIM CASTLE in Methodist Church, Pana, IL. He was born 20 Jan 1954.

## Notes for ANGELA SUE HANDY:

I was born in Pana, IL in 1957, the third (of four) children of Russell Handy and Donna Flowers Handy. We lived there until I was in the third grade, then moved to Chatham so Dad could be closer to work—he contracted mail routes. In 1968, my mother became very ill, and after battling that horrible cancer, she died in 1971 at the age of 34.

Shortly after her death, I went back to Pana (age 15) to live with my Aunt Sue Handy (Taylor). After graduation, I attended nursing school and started working. Shortly thereafter, I met Tim Castle—he was my landlord. Six weeks after we met, we married. Thirteen months later, our first child and only daughter, Emily, was born. Wes was born four years later, and Tyler, less than two years after. They are now 26, 23 and 21 years old. They all live around us (which is a blessing) and are awesome people! We will celebrate our twenty-eighth wedding anniversary in a couple of weeks.

We still live in Pana! I have been working as a Hospice nurse for the past twelve years and Tim and I own a concrete business at which both the boys are employed. Emily is a x-ray technician at Pana Hospital and just celebrated her third wedding anniversary. --- Angela Sue (Suzi) Handy Castle--9-21-06
